Games, props, fun infused with a bit of
learning with the help of the teachers
and the enthusiastic school community.
Laughter and smiles spread across the
the feild at this carnival, helping the
students to look out of their books
momentarily and experience
socialization. One of the many
momentous events that reignited the
concept of liveliness in the students.

**"What we learn with pleasure we
never forget."**

Whether it was the art of creating something new, participating in the games, or simply enjoying with peers and the teachers, the healthy hustle-bustle of the carnival delighted everyone.

Education brings about opportunity and the experience of having fun gives the inspiration. Indulgence in both aspects; educational and creational will always be the aim of the school for the excellence of the children.
