Without Labor Nothing Prospers

Labour Day

In India, Labour Day is celebrated on 1st of May every year. It is seen as a national holiday. It is also known as International Worker's Day or May Day in other parts of the world.

This day is marked to give respect and love to all the workers around the world. On this day we thank all the workers for their hard work in shaping the country, as they are the backbone of every nation.

The Labour Kisan Party initiated International Labour Day in Chennai. India celebrated its first Labour Day in the year 1923.

Labour Day is celebrated with great pomp and show every year.

Matilda – Book Review

By Roald Dahl

Published in 1988

This book is about a girl named Matilda, she is a very sweet and smart girl who discovers she has magical powers. She was sent to a school, where the principal (Agatha Trunchbull) was rude and strict and she did not like Matilda. When Matilda realizes she has magical powers, she helps her friends from Trunchbull's punishment and fights back her unkind parents. I enjoyed reading this book as it is very entertaining and full of mystery. The book has taught me to be confident and believe in myself.
