आज का साहस

जब लाइलाज थे तब संभल गए
अब टीका है फिर भी फिसल गए...
कोई दोष नहीं है महामारी का
दिवाला निकला है समझदारी का...
दूट क्या मिली बेपरवाह हो गए
हम खुद ही लापरवाह हो गए...
न मास्क पहना न दौं गज की दूरी
जिंदगी दांव पर लगा दी पूरी-पूरी...
अब बड़े मरीज तो हड़बड़ा रहे हैं
गलती की हैं...
फिर क्यों पछता रहे हैं...
समय है अभी भी चेत जाइए
मास्क लगाइए...
दौ गज की दूरी बनाइए
शीट में न जाइए खुद को बचाइए
समाज को बचाइए और देश को
बचाइए...

V SATYAM APRIL AND MAY BOOK REVIEW BY AARAV SINGLA

The Doll Graveyard

AUTHOR: Lois Ruby

Book Talk

Shelly and Brain Tate have heard heated voices crying out in the night. But the most chilling thing is that their new home is the cemetery. Soon Shelly is learning all about them. If Shelly can help the dolls, find peace, she and her family might actually find some happiness at Cinder Creek, But If she can't the dolls will have their revenge.

Book Review

This book is about some dolls dug in the graveyards who want peace. I liked Shelly's care and affection for dolls as she wanted to do justice for dolls. I wish that I never come across such hauntings and the dolls always remain happy. One thing I didn't like is that boy didn't take care of the dolls. I think, one who likes thrill, mysterious and scary stories will like this book.

READING RESPONSE

I always thought that dolls are always pretty and sweet but after reading this book, I realized that they can be dangerous too. After reading this book I also overcame my fear. But after completing this book I am less scared of these kind of dolls. I can now read more such scary stories. I have also learnt many new words from this book. I have really improved my vocabulary after reading this book.

Book Review

Book Review - Danny The Champion of The World

This review is about a book titled, "Danny The Champion of The World" and is authored by **Rosell Wolf** who is a famous writer of children story books. The book is about two characters, a kid named Danny and his father William. The story is about a secret habit that William had, **Peaching Pheasants**. The story opens describing about how Danny lost his mother when he was very small, and William brought him up all by himself. William wasn't an educated person, but he was a marvelous storyteller as he would make up a new story for Danny, over night. They used to do many exciting things together such as building a tree house on a big oak tree at the end of their field. This is when the story takes off and William tells Danny all about the deepest secret of his and his hidden skill, peaching pheasants. William got the skill of peaching from his dad. He was deaf in his old days but knew two peaching techniques namely The noise clear stopper and The Sticky star which used rabbits to attract pheasants. While the techniques worked, William was never able to catch many pheasants in one go. Danny was smart and he carried forward the family legacy by discovering a new peaching technique, The Sleeping Beauty which involved feeding pheasants with rabbits filled with sleeping pills powder. The technique really worked and helped Danny catch more than 220 pheasants in one go. I particularly liked this book as the author keeps your interest alive by unfolding a series of events presented in a dramatic way and keeps you peering for what next. My favorite character in this book is Danny as he is portrayed as a strong, smart, intelligent and a brave boy who handles many situations efficiently during the exciting and heart-breaking adventures he had. I recommend everyone to have a go on this book.

EDITOR'S NOTE

Savya Bhatia

Respected teachers and my dear friends,

We are really in the middle of unprecedented times! Just when our country thought that we had beaten COVID-19, the second wave hit us severely during the last couple of months. However, our teachers have always mentored us - every adversity makes us stronger, and perseverance empowers us to fight all odds. While we have managed to emerge victorious on the other side of the second wave and are beginning to resume our daily lives, we must ensure that we continue to take all precautions and don't let our guard down.

I hope that each of us had a wonderful time with our families during the summer vacations, and now we are all charged up to resume our virtual classes. I believe that we are all absolutely enthused to gain more knowledge from our venerated teachers, as well as have fun with our classmates. Just as we got a spectacular chance to showcase our unique skills and performances in the Talent Hunt before kickstarting our holidays, the latest edition of our class magazine will give us another glimpse into the splendid works of class V Sundaram students.

Thanks to Smriti Shukla ma'am, I got this wonderful opportunity to collate the creative work from many of you for this edition. I am confident that, just as I enjoyed putting together this latest version of our class magazine, each of you will also appreciate the visually delightful and artistic submissions in this edition!

Stay Safe!

Poem on Bhavan Vidyalaya

Bhavan Vidyalaya is the name of my school,

Here I go to swim in knowledge's pool-

Admire all teachers,

Values given by preachers,

Amazing facts imbibe by us,

None of bad values left in us.

Various sports here you can play,

Innate abilities come your way,

Discover your talents,

Youngones become apparent,

A friend, you get here of your type,

Laughter becomes a part of your life,

All the wishes and praise you attain,

Year by year a long list of achievements
you obtain,

Accepting both present and past a better
personality you gain.

BOOK REVIEW

Title of the book: Wits and wisdom of Akbar and Birbal

Review of the book:

I am very fond of reading and listening Akbar and Birbal stories. I have recently read a book **wits and wisdom of Akbar and Birbal**. This book is a collection of nine stories. **Birbal**, who was an advisor to **Mughal Emperor Akbar**, is well known for his wit and wisdom. He always helped King Akbar to get out of difficult and tricky situations in spite of troubles created by other courtiers. This book is a collection of nine stories. First story is about the cleverness and wisdom of the '**Birbal's daughter**'. In second story '**The bag of coins**' the Birbal solved a case of an oil merchant where his friend who was a rice merchant cheated him. '**Stick to the rescue**' is the another story of the book where Birbal caught the thief who stole gold from a merchant's house in Akbar's kingdom. In other stories also Birbal showed his cleverness and wisdom in one way or other way and proved himself a real gem of Emperor Akbar's court. I have enjoyed reading all the stories of the book.

RIDDLES

Six silly sheep still asleep. Six silly sheep still asleep. Six silly sheep still asleep.	
She sells seashells by the seashore.	
Sixty silly sisters simply singing.	
The big fat cat sat on the rat.	
Double bubble gum bubbles double.	
Billy blows big blue bubbles.	

1) Once you have got me, you want to share me. When you have shared me, you have no longer got me. Guess me.

2) Throw me from a building and I will survive. Put me in water and I will die. Who am I?

3) I am so delicate that speaking my name breaks me. Guess who I am?

4) A girl was reading while sitting in a dark room with no candles, tubelights or sunlight in it. How was she reading?

5) You have to break me before using me. Who am I?

Answers : 1) Secret

2) Paper

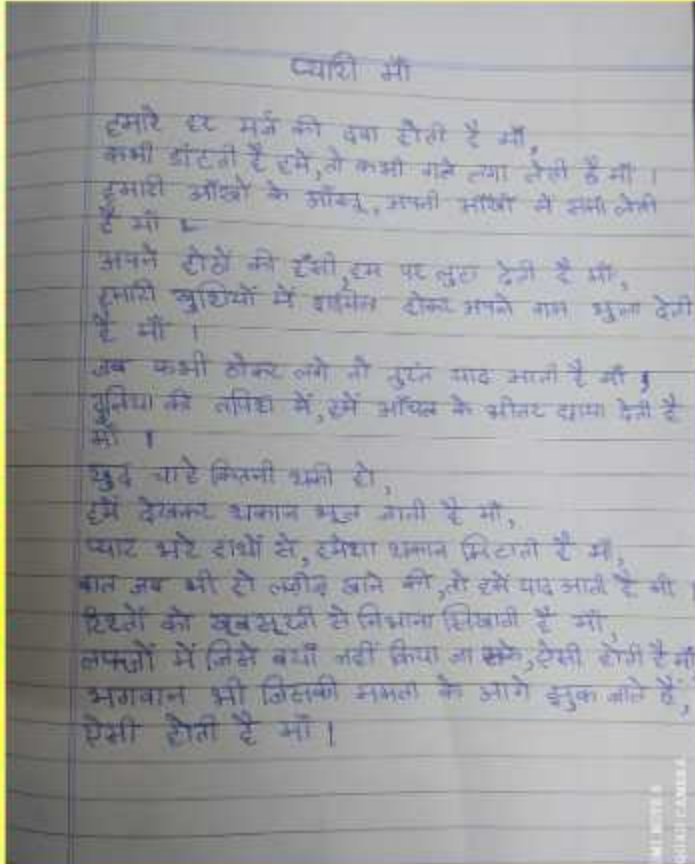

3) Silence

रिश्तों में बंधा संसार

रिश्तों में बंधा संसार ,
मम्मी ,पापा, दादी दादू का प्यार
चाचा चाची की मैं हूँ दुलारी
नाना नानी को भी उतनी ही प्यारी,
मामा मामी छिड़कें जान
भाई बहन सब आयें इक दूजे के काम
मासी कहे मुझको मेरी लाडो रानी
मौसा जी कहें ,काशवी तुम तो हो बड़ी सयानी ।
इन सबकी मैं आँखों का तारा
छोटा सा संसार हमारा,
रिश्ते होते हैं अनमोल,
कभी न लगाना इनका मोल ।
गुरु शिष्य का रिश्ता अनोखा
जिसमें नहीं है कोई धोखा
इन रिश्तों में बंधा मेरा संसार
मैं हूँ एक नन्हा पौधा ,
ये रिश्ते हैं खाद ,
मिलता रहे मुझे हमेशा सबका आशीर्वाद

EARTH DAY

Fun Fact:-

There's an "official" Earth Day song "Earth Anthem", which was written in 2013 by Indian poet Abhay Kumar

Earth Day is a special day,
Bringing great awareness;
Learn what you can do to help,
Show that you're not careless.
Recycling is an easy thing,
Placing items in a special bin;
Some things you don't throw
away,
Paper, glass and tin.
Conserve resources and find
new ways,
To get you where you're going;
Take a walk or ride a bike,
Keep air pollution from growing.

VIEWS OF HARSHIT ON:-

EFFECT OF CORONA VIRUS ON STUDIES

The corona virus SARS-COV-2 causes a deadly disease, COVID-19 with a fatality rate between 2-3%. It has created havoc as it has engulfed the whole world, being declared a pandemic by the WHO. Lockdowns that have been imposed in almost all countries to save the citizens from infection. The disease has not spared even the advanced European countries. Our Indian education system has been badly affected by the entry of the disease. All the schools, colleges and educational institutions are closed because nobody knows when the situation will be normal. It is a fact that educational institutions are most vulnerable for the spread of the disease due to the mass gathering in the classrooms. So it is difficult to bring back the students to the schools, colleges and universities.

So today many schools are having online classes for students. Teachers are doing their best efforts for students. But sometime some children face problems like children have no computers, smart phone etc. Many exams have either been postponed or cancelled. C.B.S.E also reduces the syllabus due to COVID – 19.

Many online educational platforms have been advertising free educational - tools for students. Thus, students and teachers both are doing their best to get better education.

STAY HOME, STAY SAFE, STAY HEALTHY

Ambedkar Jayanti

Bhimrao Ramji Ambedkar' was born on 14 April 1891 in Mhow town of Madhya Pradesh, India. He was the son of Ramji Maloji Sakpal and Bhimabai. His father served in the Indian Army at the Mhow cantonment. He became one of the first Dalit (untouchables) to obtain a college education in India, eventually earning a law degree and doctorates for his study and research in law, economics and political science.

Bhimrao Ramji Ambedkar is popularly known as 'Babasaheb'. He was an Indian jurist, political leader, philosopher, anthropologist, historian, orator, economist, teacher, editor, prolific writer, revolutionary and a revivalist for Buddhism in India. He became the 1st Law Minister of India. He became the Chairman of the Constitution Drafting Committee. For his contributions, he was awarded with 'Bharat Ratna'.

He died on 6 December 1956 at his home in Delhi.

Dr Ambedkar wrote free India's constitution. Ambedkar Jayanti is celebrated every year on 14th April as a mark of respect across the country

RAM NAVAMI

Ram Navami marks the birthday of lord Ram, the eldest son of King Dashratha and queen Kaushalya of Ayodhya who was born in tretha yug. He is considered as seventh avatar of Vishnu ji . Ram Navami is celebrated on ninth Chaitra navratra across India as a very important Hindu festival.

BAISAKHI

Baisakhi is the celebration of the start of Sikh New year and harvest season. Guru Gobind Singh chose the auspicious day of Baisakhi for the formation of Khalsa Panth in 1699. Baisakhi is a festival of all over India with different names and customs. Bhangra and Gidda performance by men and women are the eyes-catching events of Baisakhi. People also pay tribute to the martyrs of Jallianwala Bagh who sacrificed their lives for the country on this very day. The Golden Temple looks very beautiful at the festival, especially at night. Taking a dip in the sacred Amrit Sarovar at Golden Temple on Baisakhi is a tradition to cure people and wash their bad karmas. Baisakhi at the Golden Temple also becomes significant because it was the place where Guru Gobind Singh laid the foundation of the Khalsa Panth. Baisakhi has the tradition of dance, music and enjoyment and commemorates the virtue of our great gurus and saints.
