We should always respect our parents. They always say the things which are good for us. They love us the most. They only want to see us happy. We should work with unity.

A mother's spell remains
the strongest
and
the healthiest,
for in it we have learnt
how to
love and care.

Some Useful Study Tips

It is very important for students to be regular in the studies. This habit helps them not only beat stress and panic but also relieve them of the burden of unfinished tasks. It helps them be disciplined and organized-two skills essential for success. In order to study effectively, students must make a time-table and stick to it . The subjects and portions should be divided according to the time allotted. Reading should be done with complete concentration and should be followed by writing to recapitulate. Notes thus made come in handy at the time of revision. Also remember that no subjects are favourite or boring. Everything is important and should be paid due attention. Text books should never be missed out in favour of help books and no part of the syllabus should be skipped . Discussion-sessions with friends also help in learning . Most importantly , proper food ,adequate sleep, and regular exercise are a must for effective studies. Studying requires Concentration and hence a proper place must be chosen for this purpose .An uncluttered study table with ample storage a straight-back chair with a cushioned seat and a small quiet room provide the ideal setting for Studying.

A mandala art , which is Sanskrit meaning for “circle” or “discoid object,” is a geometric design that holds a great deal of symbolism in Hindu and Buddhist cultures. ... While extraordinary as a standalone work of art, mandalas hold symbolic and meditative meaning beyond their vibrant appearance.

The "Sorry" Story

This story also begins from the same boring start: **Once Upon Time**: This is because I could not craft something else which could be exciting; So, a big **SORRY** to the fellow readers. Oh!!! I almost, actually fully forgot that I have to begin the story. So here it goes..."

Once upon a time, there was a beautiful place which was not discovered by any human till now. "Actually, I also don't believe in what I am typing because there is no such place left. You see even places out of the earth are now accessible to humans. I know you get disturbed when I talk in between but I have to tell you that this is a fiction, I don't want anybody to go find the place. Now I promise not to interrupt frequently. The place was named... actually it was not named. Now don't be furious! Obviously, one cannot name a place without seeing it."

This secret land was very beautiful to look at in winters. The white blanket of snow covered the landscape beautifully. "Wait a minute it doesn't snow in this place! Okay I am sorry but what happens then, let me recall...Yes I finally remember."

It rains heavily during the winters there and everything is wet and cold. All the creatures try to take shelter in the nearby caves. Every creature suffers due to the lack of food. The winter there lasts for three months and the rest of the time it's spring and summer, full of happiness and joy.

"Now let me tell you something, this whole story I wrote about the wrong topic... Hey!!! don't get grumpy I will soon write a new and good story till then read and enjoy this one... And please laugh because this story was written by me to make you laugh... Also be patient, not the ill one but the waiting one for my next story. I wrote this so that you find this one humorous and wait for the next one eagerly. Until then

ਸਮਾਂ

ਕੁਦਰਤ ਨੇ ਕਹਿਰ ਕਮਾਇਆ ਹੈ,
ਜੀਵਨ ਨੂੰ ਫਿਕਰਾਂ ਵਿੱਚ ਪਾਇਆ ਹੈ,
ਇਹ ਕਿਵੇਂ ਦਾ ਸਮਾਂ ਵਿਖਾਇਆ ਹੈ।
ਹਰ ਇੱਕ ਦੀ ਅੱਖ 'ਚੋ ਪਾਣੀ ਆਇਆ ਹੈ।
ਮਨੁੱਖ ਨੇ ਵਾਤਾਵਰਣ ਨੂੰ ਦੂਸ਼ਿਤ ਬਣਾਇਆ ਹੈ,
ਇਸ ਕਰਕੇ ਰੱਬ ਨੇ ਮਨੁੱਖ ਨੂੰ ਸਬਕ ਸਿਖਾਇਆ ਹੈ,
ਸਬਕ ਸਿਖਾ ਕੇ ਸਾਹਾਂ ਦੀ ਕੀਮਤ ਬਾਰੇ ਸਮਝਾਇਆ ਹੈ।
ਹੁਣ ਹਿੰਮਤ ਨਾਲ ਮਨੁੱਖ ਨੇ ਅੱਗੇ ਕਦਮ ਵਧਾਇਆ ਹੈ,
ਇਸ ਬਿਮਾਰੀ ਵਿਰੁੱਧ ਸਫਲ ਇਲਾਜ ਪਾਇਆ ਹੈ,
ਤੇ ਜੀਵਨ ਨੂੰ ਜਿੱਤ ਵੱਲ ਪਹੁੰਚਾਇਆ ਹੈ।

FAMOUS FIVE

ONE OF THE MOST LOVED AND ENJOYED BOOKS BY TEENAGERS. IT IS CHILDREN'S ADVENTURE NOVELS WRITTEN BY ENID BLYTON. IT IS ONE OF THE BEST-SELLING SERIES FOR CHILDREN EVER WRITTEN. THERE ARE 21 PARTS OF THIS SERIES. IT HAS BEEN ONE OF THE BOOKS I HAVE BEEN READING SINCE GRADE 5 AND HAVE REALLY ENJOYED IT ALL THROUGH. THE NOVELS FEATURES ADVENTURES OF A GROUP OF CHILDREN- JULIAN, DICK, ANNE AND GEORGINA(GEORGE) AND THEIR DOG TIMMY. IT IS VERY INTERESTING AND FUN TO READ BECAUSE OF THE FOLLOWING REASONS LIKE:

- THE VIVID CLARITY THAT THE AUTHOR USES TO DESCRIBE THE SCENES OF THE ADVENTURE
- THE MOUTH WATERING DETAILS OF THE FOOD ITEMS THAT THE FAMOUS FIVE TAKE DURING THEIR MEALTIME - LOADS AND LOADS OF JAM TARTS, HARD BOILED EGGS, SLABS OF CAKES, FRESH TOMATOES, COOL LEMONADE AND GINGER ALE
- THE COLORFUL AND BEAUTIFUL DESCRIPTIONS OF THE PICNICS THEY TAKE. I JUST WISH I LIVED IN A WORLD OF PICNICS, FRIENDSHIP, ADVENTURES, SWIMMING, SEASIDE AND SUNSHINE.
- A BUNCH OF HIGHLY LIKEABLE AND ADORABLE CHARACTERS (AFTER READING THE FAMOUS FIVE BOOKS WHO WON'T BE LONGING FOR A COOL DOG LIKE TIMMY)
- A COLLECTION OF EXOTIC CROOKS LIKE SMUGGLERS, TREASURE HUNTERS AND FOREIGN AGENTS.

I THINK THESE REASONS ARE ENOUGH TO MAKE YOUNG READERS GO DROOLING OVER ENID BLYTON BOOKS.

- That's the thing about books. They let you travel without moving your feet.

- If you don't like to read, you haven't found the right book.

From the Heart of a New Bhavanite..

"I have changed schools a lot but it was a little different this time. I am always excited to explore new schools. During pandemic, schools have started with online classes. My first day of virtual school was fun . On my first day, I hoped to make new friends. I was wondering about was how would I get the notes and other information as I had missed a few topics but the teachers and my classmates helped me a lot and the extra classes were the most helpful, helping me cover all the topics. All thanks to the teaching staff and my fellow mates as they provided me with all that I needed. The students in the school are so vibrant and full of life. My new friends gave me a different pleasure of friendship. I was most attracted to the teaching style- PPT's, lab activities (that too virtually), etc.

At last, I am proud to say that I am a Bhavanite. And mark my words, I will always work hard in order to repay the good teachings of my teachers."

Vrinda Salaria

A True Bhavanite

"I joined Bhavan Vidyalaya in the 8th standard and here my experience was really different from that of my previous school! What I loved the most in Bhavan was that the teachers and the whole management here, they put so many efforts to involve the students into some interesting and exciting activities, by providing us with quizzes and competitions, which is difficult in this period of online classes. And especially the way we celebrate various festivals together at school was very exciting and entertaining for me! The teaching methods are so crisp and clear, that even though I missed a few chapters before I joined, the teachers helped a lot and made me understand all such chapters and that too in a real short period.

My classmates are very friendly and helping, whenever a teacher asks for help in my behalf, I see almost every classmates' hand raised. And this makes me feel very special and elated!

I have found a lot of fantastic features and I am exploring more of them at my new school, Bhavan Vidyalaya!"

PAPER TOWNS

Margo Roth Spiegelman and Quentin Jacobsen, old friends but a bit of new strangers, lives were unfolding differently for both of them when in the middle of the night Quentin hears a knock at his window.....

'John Green' the renowned author of the bestselling new York times novels; 'The Fault In Our Stars' and 'Looking For Alaska' wrote a must read novel called 'Paper Towns'

It's a must read for all the teenagers out there , It's a mystery novel and its basically everything one looks for in a good read, once you start reading cum relating to, there is no looking back . It was the second novel written John Green which I read. Although the plot does not cover it but the novel is all sorts of emotions from true friendships to fake ones , from strangers to friends to friends who are strangers . it provides a vivid picture of what needs to be said and done but isn't even paid heed to... But No Spoilers, read it for yourself now ! You can even watch the movie based on it by the same name !

Where Thoughts Matter

FITNESS BEATS PANDEMIC

“सेहत ही जीवन है”

It means health is life. It needs no proof to establish that health is wealth. Our forebearers from centuries before have been championing the cause for fitness and good health. Yogasans along with healthy diet have been known to bring longevity to life. Both are known to be the secret to good health. Scientifically also, Darwin's theory of natural selection establishes the survival of the fittest.

When COVID-19 pandemic struck with force, it caused fear and anxiety among the populace for it had no known treatment. It caused the most number of fatalities among the elderly who are known to have weaker immune system. Those who had better immunity survived through the pandemic. Many such fit people remained asymptomatic even after being diagnosed with COVID-19. All this bring forth the superiority of fitness over any known disease.

“प्रत्यक्ष को प्रमाण क्या”

This means, “the obvious needs no evidence”. And the truth is - fitness beats COVID-19 or any other pandemic hands down

HISTORY OF APRIL FOOLS DAY

April Fools' Day—celebrated on April 1 each year—has been celebrated for several centuries by different cultures, though its exact origins remain a mystery. April Fools' Day traditions include playing hoaxes or practical jokes on others, often yelling "April Fools!" at the end to clue in the subject of the April Fools' Day prank. While its exact history is shrouded in mystery, the embrace of April Fools' Day jokes by the media and major brands has ensured the unofficial holiday's long life.

Some historians speculate that April Fools' Day dates back to 1582, when France switched from the Julian calendar to the Gregorian calendar, as called for by the Council of Trent in 1563. In the Julian Calendar, as in the Hindu calendar, the new year began with the spring equinox around April 1.

People who were slow to get the news or failed to recognize that the start of the new year had moved to January 1 and continued to celebrate it during the last week of March through April 1 became the butt of jokes and hoaxes and were called "April fools."

In modern times, people have gone to great lengths to create elaborate April Fools' Day hoaxes. Newspapers, radio and TV stations and websites have participated in the April 1 tradition of reporting outrageous fictional claims that have fooled their audiences.

"How The Colours Evaporate"

Bathed is my soul the colours of emotions
associated,
Having painted the outer red, a sense of pride
kisses my chest,
As it is always so, the green garden reminds me
of my growth
Vainly, I enter the pool of knowledge
Although, I walk down seemingly aisle
feeling a winner already
Notable seemed the mentors as they finally
escort us in the room we were dying for
Virtuous becomes the heart inside out seeing
the goddess blessing us through her idol
"Idealistic"; then becomes the universal adjective for
us all
Drastically we can change from crying not to go
to crying to go
Youthful remains the atmosphere even after
27 years of immensified efforts
And shades of yellow remind me of the
journey from winger to crises
Learning, Ravouring and finally leading
becomes the mantra
As the finals approach, we strive harder,
only to be on the top
Yearning is what we do as the last day
arrives
At the end, nevertheless not us, but the
vapours of our memories and learns crowd
"Bhavan Vidyalaya Panchkula".

-Ananya Sharma

Best moments of childhood are when we
Have our friends around
Always we spend time together
Valuing each other's view and
Admiring one another
No matter where from we come
Very gracefully our teacher accepts.
It is none other than our amazing school!
Day by day we learn new things
Yet there is much more to come.
Aim of my life is to
Love my school forever
And make it proud of me
Yeah! It is none other than our
Amazing school, 'BHAVAN VIDYALAYA'

Bright future of each child
Handed in string foundation of Bhavan
All the students firmly believe in
Vidyalaya that gives strength
Not in doubt of mind
Vision is clear and firm
Intelligence is increasing and being spread
Day by day
Yields fruits and
Analysis that make us strong
Leads to the path of success
And never stopping back
You may have seen
And I strongly believe that Bhavan Vidyalaya has made me a
