BOOK REVIEW

During these Summer Vacations, I have read these three books. Book reading is my favourite hobby. The "Little book of Happiness" is very interesting book. Through this book I really came to know "Happiness leads to a good life. Be happy with what you have. Always be grateful for what you have. The other one "You can Win" book. In this book I came to know what the value of Success. Winners don't do different things. They do differently. It has been written in sixteen languages. Success is the fruit of hard work and efforts. Success can't come in a day. Successful persons = Dr. A.P.J., Abdul Kalam, Late Mangalika, Ratan Tata. I have read this books beside my school books. I read these subject books daily. But I have a curiosity to learn & experience more things in my life.

Book Review

Book name - Geronimo Stilton
A FABULOUS Vacation
for Geronimo.

Sometimes Geronimo thought that I need a vacation from work. So he planned a vacation "quite a fun time. But everytime disaster struck!!!!!! At least he got a vacation in a flea-ridden hotel!!!

But he was stuck with his annoying assistant Pincky Pick!!!

He couldn't wait to get back to new mouse city!!!

ACHIEVEMENTS

Kapish Jain

1st rank in General Knowledge (G.K.) Quiz held on 13/05/22.

Yogit Goyal

1st rank in General Knowledge (G.K.) Quiz held on 13/05/22.

Saira Singla

2nd rank in Girls Chess Championship at District Level held on 04/05/22.

AMAZING FACTS

ANISA
GUABA

- (A) Your eyes blink around 20 times a minute
- (B) The only muscle that never tires is the Heart
- (C) Every second, your body produces 25 million new cells.
- (d) The smallest bone is the stirrup bone, which is located inside your ear drum.

Amazing facts about Animals

Tiger

Tigers also hiss, growl, moan, and chuff. A group of tiger is known as an 'ambush' or 'streak'. Tigers usually hunt alone at night time.

Penguin

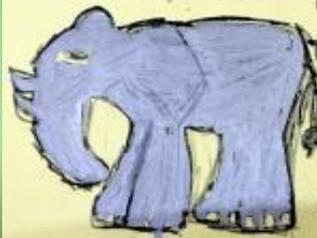

A male penguin offers a pebble to a female penguin. If she takes it they become partners. Some penguins do not build nests, instead they carry their eggs on their feet.

Rabbits

Rabbits have 360° panoramic vision, allowing them to detect predators from all directions.

Elephant

They're the world's largest land animals. Their trunks have mad skills. Their tusks are actually teeth. They've got thick skin. Elephants are constantly eating.

Book Review On 'The Dragon Of Fortune' By Geronimo Stilton

- Do you like dragons, wizards, and talking lizards? Then you should read *Geronimo Stilton: Dragon of Fortune*. It is very funny. It is so interesting you want to read more!
- In the story Geronimo goes with his friends to find the winged ring but people try to stop him. All the witches and also the cat tried to stop him. She disguised herself to go to the witch council in the Kingdom of Fantasy. Geronimo is scared of the cat but the wizard comes with him. Also in the story they call him Sir Geronimo of Stilton. Isn't that funny?
- One reason I like this book is because it has lots of adventures. What happens in the story is there is an enchanted book they use to fly to the witch castle. Pretty adventurous, huh? The second reason I like this book is it has lots of pages.

BOOK REVIEW by Anvi Soni

main character, Harry Potter, who is very brave and faces many struggles. Dumbledore, the headmaster of Hogwarts, being a great man, he saves Harry Potter from Voldemort, who wants to kill him. Harry Potter gives me an inspiration to be brave. He faced the big struggles which threaten his life. The Voldemort incident in which Harry fought Quirrel and Voldemort is so thrilling and exciting.

I learnt a few life lessons from this inspiring book:-

1. It is important to remain humble.
2. Love conquers hate.
3. Friendship and loyalty beats wealth and status.
4. Standing up for yourself is tough but rewarding.

Happy Mother's Day

Importance of Soil

The body that you wear
Many before you did wear
The soil that Mother Earth wears
Is something that we all share
The body that you wear and care
Is only good as soul snare
Do you have enough dare
To release Self from soil's care

❖ Shanaya	Fancy Dress Competition	2 nd position in the competition	
❖ Reyaan	Humming Bird English Olympiad	Gold Medal In English Olympiad	

Save Soil

Soil is highly useful to us. We grow plants and trees in it. It holds the trees in place and supply nutrients and water to the plants to grow. The top soil is very healthy for plants to grow, and therefore, farmers take good care of the top soil for better yield. We can save soil by :

1. Afforestation:

One of the best ways to conserve soil is to increase the area under forests.

2. Checking Overgrazing:

Grazing is very important. But overgrazing of forests and grasslands by animals, especially by herds and flocks of sheep, goats, should be properly checked.

3. Constructing Dams:

One of the scientific methods to check soil erosion.

Changing Agricultural Practices:

We can save a lot of our valuable soil by bringing about certain changes in our agricultural practices.

4. Crop Rotation

Growth of different crops on the same land alternately.
