Independence Day Special !!

HAPPY INDEPENDENCE DAY

Independence day is always celebrated on 15th August of every year. It is a national day off for every Indian. This year it is our 74th independence day. This day we remember the great struggle of freedom. On this day the Prime Minister of India hoists the national flag at the Red Fort in Delhi. This day we remember the great sacrifices of our freedom fighters. Our freedom fighters died to make our India free from rule of Britishers . They did not care about their lives and fought for our freedom. Every state and union territory of our country celebrates this day with great enthusiasm.

I am proud to be an INDIAN.

Interesting facts

Why woodpeckers don't get headache?

Woodpeckers hit the tree trunk 20 times per second, yet they don't get a headache or injury. It is because they are born with a helmet for their brain, which is formed from strong, thick muscles and sponge like bones in their skull. The body of woodpeckers is especially designed to absorb the shock.

CREATIVE MINDS AT WORK BY RIDHI AND AISHVI

I Use My Brain

I Use my brain to think, think, think,
I use by nose to Smell.
I use my eyes to blink, blink, blink,
I use my throat to Yell.
I use my mouth to giggle, giggle, giggle.
I use my hips to bump.
I use my toes to wiggle, wiggle, wiggle.
And I use my legs to Jump.
