WONDERFUL STORY BY SWARAJ

STORY OF A BRAVE AND INTELLIGENT INDIAN BOY

Once upon a time, the Indian Army was in stress since there were some terrorists who were going to attack Mumbai. They had received a threat on a phone call. They initially didn't consider the threat to be serious. But in a few days after they received the threat, they found that one of their Indian Army spies was kidnapped. That's why the Indian Army was in stress.

Then they made a rescue plan for their spy that they were going to attack the terrorists on their secret base. The Indian army had found that the secret base was at the base of a mountain and the kidnapped spy was locked in a specific room which could not be broken even with the help of a missile.

But when the Indian Army was planning for this sneak attack in their Army base, there was a maid who served them tea who was actually working for the media. So when the plan was being discussed he quietly entered the room and told the media persons about the Indian Army plan on his phone.

The Indian Army saw their plan being discussed on the news channel as Breaking News and one of the discussion point was that this plan should not be exposed. When the Indian Army saw that their plan was being revealed on the TV, the Indian Army officers got very angry. (But there's the twistthere was a boy who was watching TV who always wanted to join the Indian Army when he grew up so he thought of

calling the Indian Army and helping them) He called the Indian Army and said to the officers that he wanted to help them but the Indian Army was so much stressed that they didn't have time for him.

The boy tried to call again and again but the Indian Army was not ready to listen to him. But one day the officers of Indian Army thought of listening to him and called him at their base. When the boy came, he came along with a toy car. The Army men asked him, why did he get the toy car as they were not going to play with him. But then the boy said that this car will help them in rescuing their spy.

But then the officers said if missiles are not able to work then how would this toy car help them?

The boy then told them his plan. The boy said that this toy car needs to be modified so that a camera is attached along with a gun. They need to even add some bombs in the car and then the Army men could control this car with the help of its remote and see what is actually going in there.

After watching the whole area of the terrorists, then the Army officers can activate the bomb and before the bomb explodes they need to kill all the terrorists on the mountain and then when the bomb will explode they can go to the specific room where the spy has been kept. At this point one of the Army officers asks the boy how can they enter that specific room? The boy replies that there is a pipe which is

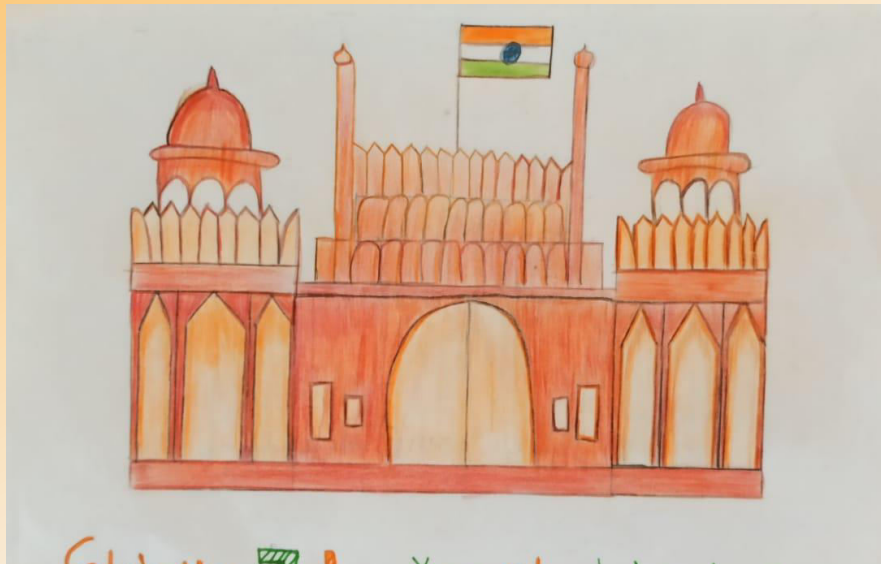

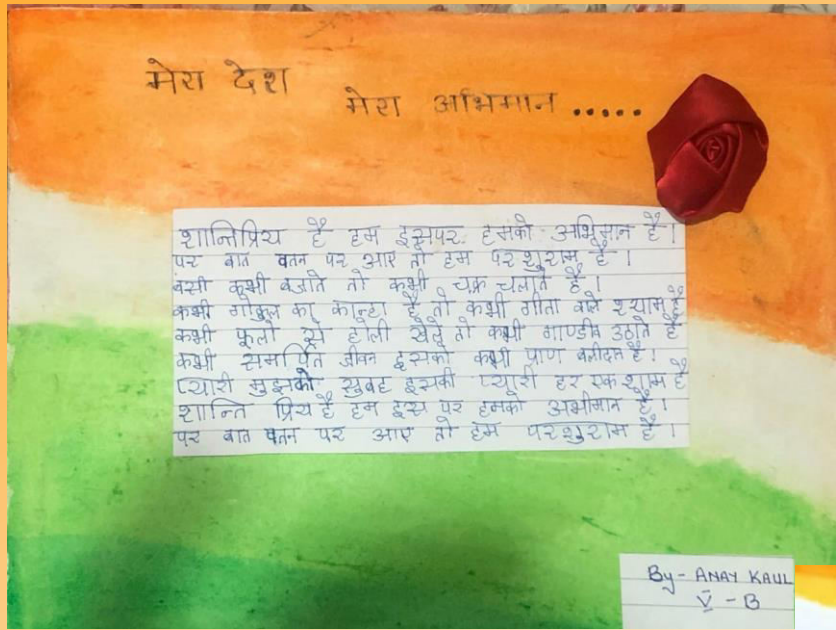

near the room and it can be used to enter the room and rescue the spy.

The Army rescued the spy with this idea given by the brave intelligent Indian young boy. They also thanked him.

Moral: Always be ready to serve your country even if you are young.

Never underestimate the value of kids and ordinary things

LET'S PLANT A TREE

It's time to plant a tree, a tree
What shall it be? What shall it be?

Let's plant a pine - we can't go wrong:
a pine is green the whole year long.

Let's plant a maple - more than one,
to shade us from the summer sun.

Let's plant a cherry - you know why:
there's nothing like a cherry pie!

Let's plant an elm, the tree of grace,
where robins find a nesting place.

Let's plant an apple - not too small,
with flowers in spring and fruit in fall.

Let's plant a fir - so it can be
a lighted outdoor Christmas tree.

Topic.....

Date.....

Let's plant a birch, an oak, a beech,
there's something extra-nice in each.

In Winter, Summer, Spring or Fall
why do not plant them all?
why do not plant them all?

Poem On Nature

In Thy Nature

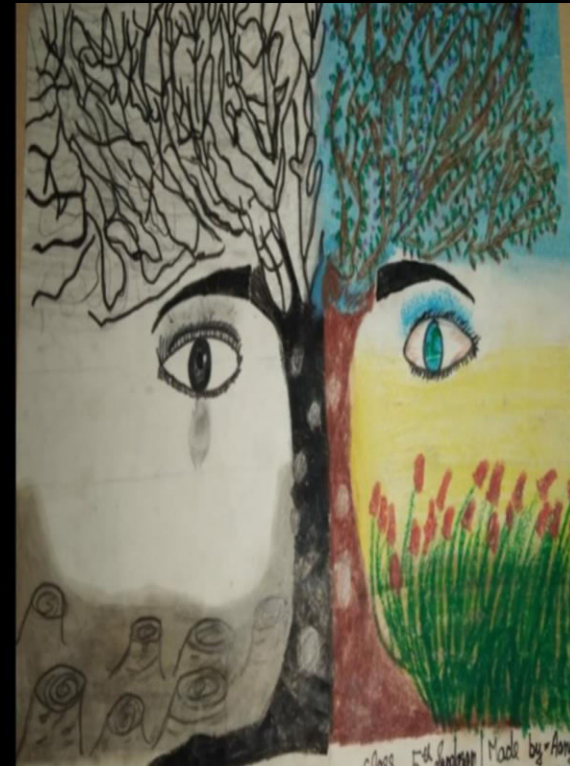

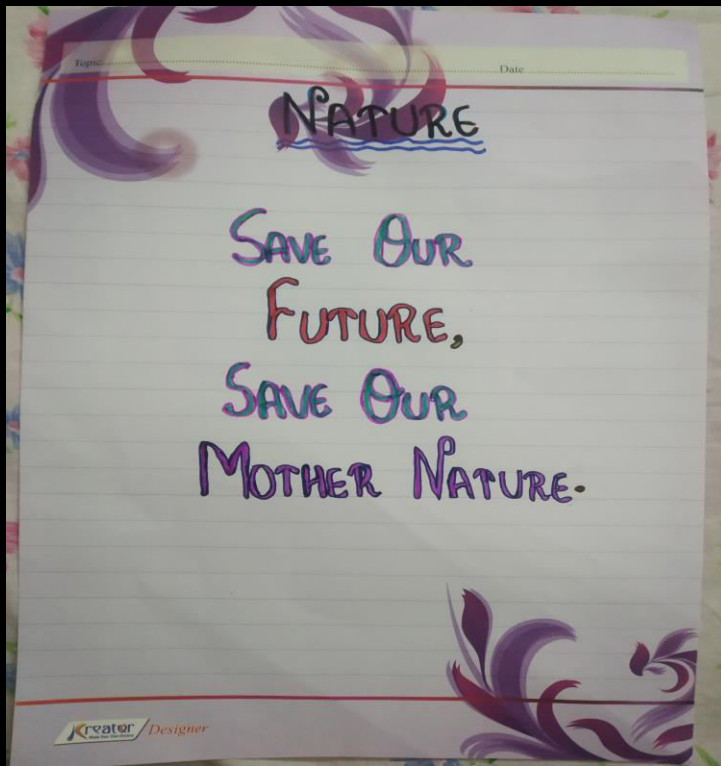

In thy nature is beauty
In thy nature is earth
In thy nature i find my worth

In thy nature is peace
In thy nature i find myself
In thy nature every lasting greens.

In thy nature there is more to be seen
In thy nature a beauty untold
In thy nature everything is worth more than gold.

Dreams

I dream to be a designer,
With an aim little higher
And make my own dress,
To look like a princess.

I dream to be an artist,
Or maybe a cartoonist
I'd love to paint,
Without any taint.

I dream to be an author,
With nothing to bother
I'd love to write a fable,
By sitting on my table.

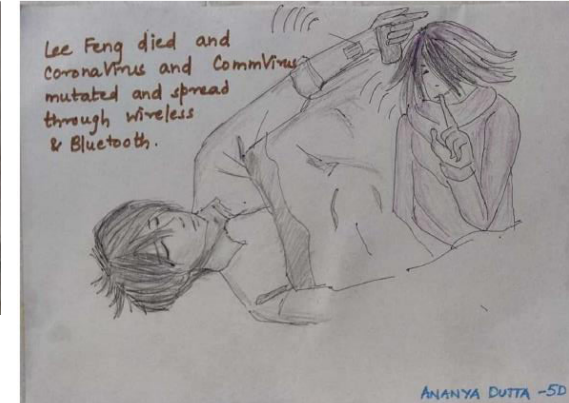

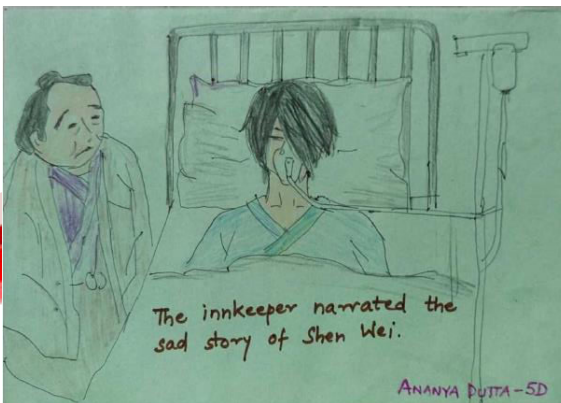

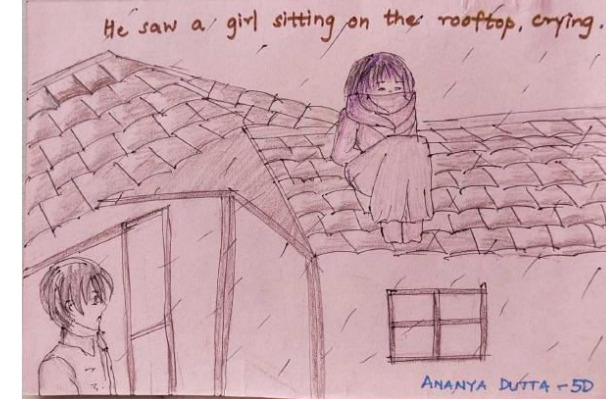

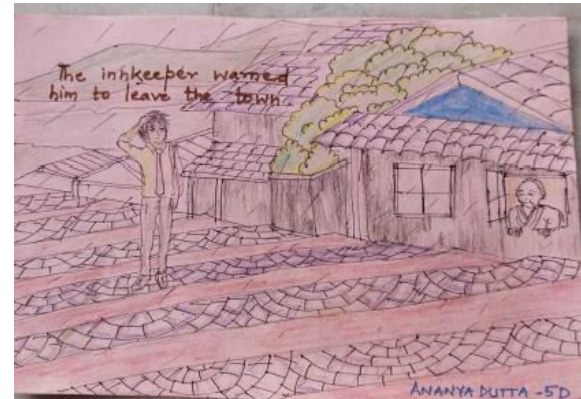

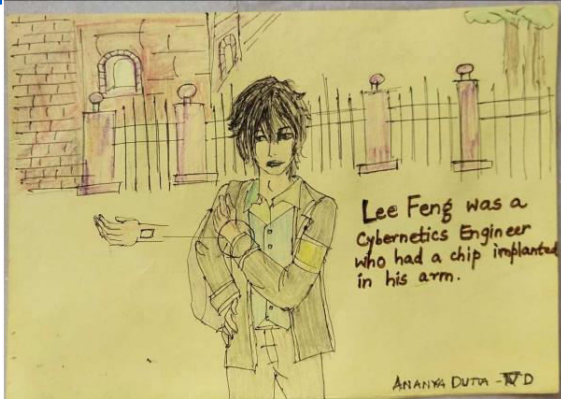

Let's hope for the best,
And forget the rest
To make my dream true,
I'll say the god thank you

A FATHER AND A SOLDIER

He is a Father

He Love me so much

He can't live without me

When he is home

He is world to me

We play, we wrestle

We shout, we whistle

We forget all worries for a while

We all are happy with his wide smile,

He is a Soldier

And then he is packing & collecting stuff

Something I never liked though I am tough

Again on duty my superhero dad

Just worried about him.....not sad

He is fighting there, we are worried here

Like a strong family we have to dare

You are man in the house, take care of things

When he said that it gave me wings

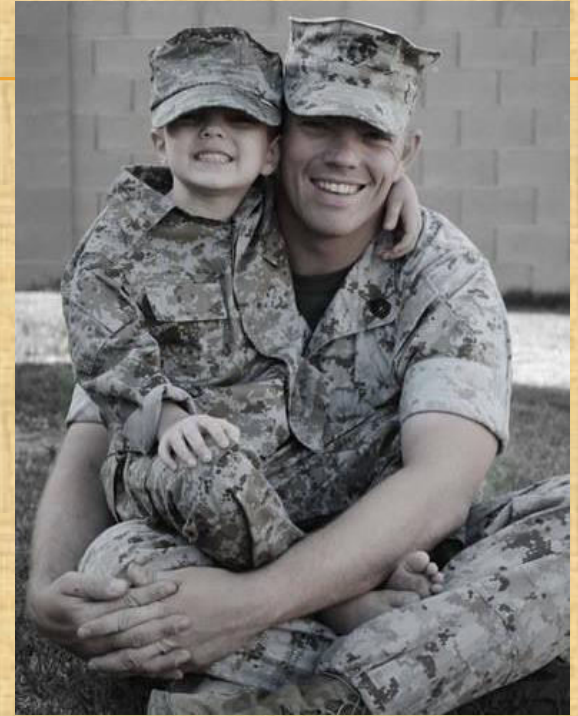

For my Country, my Army I feel so proud

The courage & valour flows in my blood so loud

We sacrifice, we struggle still stand tall

Army brats, kids of warriors after all.
