Covid-19 Quarantine Our lives at home for more than six (6) months. After lockdown was started, one thing happened good was that we got time to spend with our family. Lockdown was not that much disappointing as we thought. As lockdown started news channels were flooded with news, of infected corona peoples globally. I daily see the news to keep myself updated. During lockdown I started doing yoga on daily basis. Another which me and my brother started was to give food to animals like: dogs, cows, sparrows, parrots and etc. I started helping my mother in cooking and household chores. I started learning classic concepts of class IIIrd. The extra activities I started in lockdown was skating, piano, harmonium and quality time with my grandmother.

Thank You

OUR GREAT SUNDARAM POETS

*Poem on Fitness beat Pandemic
It is the one who is fit!
Is the one who never fears but repulses and hits?
As every who has the fitness achieved
Has always pandemic deceived.
It's a kingdom of isolation
We need to find a solution
Stay safe, stay fit...
Its war, struggle let's fight with the unknown
existence...
Let's stop the spread...
Let's save ourselves from entering into
the unknown...
We can lead with pride
We can make us strong
We will be satisfied if we win the war
No one knows when the deaths due to
covid ends...
I wish world could refresh
But it can't...
No matter how hard we try...
Let's get fit...*
