# Month Of Important Festivals

## Republic Day

It honours the date on which the Constitution of India came into effect on 26 January 1950 replacing the Government of India Act as the governing document of India and thus, turning the nation into a newly formed republic.

## Lohri Festival

Lohri is a popular winter folk festival celebrated primarily in the Indian Subcontinent. The significance and legends about the Lohri festival are many and these link the festival to the Punjab region.

# COVID -19

## COVID - 19

From the last year, Covid – 19 pandemic which started in Wuhan, China has been a deadly tragedy to the world and now it is decreasing hopefully. The labourers were forced to go their villages due to the lockdown in India. Online classes have started to decrease the risk of corona virus. Millions of people have lost their lives. The droplets of the virus enter through our eyes, nose or mouth and go in our lungs through our throat. It blocks the air coming in our lungs and due to that a person dies. In India the virus has reported the maximum cases in months of August and September. To protect ourselves from this deadly virus we have to follow some guidelines. Do not touch your eyes, nose and mouth without washing your hands. Maintain a distance of 1 metre from each person at public and crowded places. Lastly the most important thing - boost your immunity at home by drinking kadha and limewater, eating citric fruits and all other things . Stay home Stay homestay safe.

## ऑनलाइन कक्षा

ऑनलाइन कक्षा बन गई है सबकी मनपसंद सखी में घर बैठ कर पढ़ने का आता बहुत आनंद

ऑनलाइन कक्षा के बारे में मैंने अपने बड़े भाई से सुना था परंतु मुझे समझ नहीं आ रहा था कि इस प्रकार पढ़ाई करना कैसे संभव है। पर क्योंकि काल में हुए लॉकडाउन के कारण जब हमें भी ऑनलाइन कक्षा का अनुभव लेने का अवसर मिला। लॉकडाउन के कारण जब हमारा स्कूल जान मुनकिन नहीं हो पा रहा था जिससे पढ़ाई का बहुत नुकसान हो सकता था। पर इस हालातों में भी बच्चों को शिक्षा देने के लिए हमारे स्कूल वालों ने तकनीकी की मदद से

ऑनलाइन शिक्षा देने का उपाय निकाला। इस तरह हमारा ऑनलाइन कक्षा का सफर शुरू हो गया। पहले-पहले तो मुझे समझ ही नहीं आता था कि किस प्रकार गायट और अनमयूट करना है। पर अब मुझे अच्छी तरह से सब कुछ पता चल गया है। चलो अब मैं यह बताती हूँ कि हम कक्षा में पढ़ाई करते समय क्या-क्या करते हैं? मेरी कक्षा में कुछ बच्चे तो अध्यापिका की बात ध्यान से सुनते परंतु कुछ बच्चे कैमरा बंद करके अराम से खाते-पीते कक्षा करते हैं। सच कहूँ तो मैं भी कभी-कभी मूख लगाने पर कैमरा बंद करके कुछ खा पी लेती हूँ। हमें ऑनलाइन कक्षा में हर विषय पढ़ाने के साथ गतिविधियों की कक्षाओं में से वयायाम की कक्षा में कई बच्चों के साथ उनके फ्रेंड-फ्रांडी भी वयायाम करते हैं। जिसे देखकर हमें और हमारे शिक्षकों को भी अच्छा लगता है। ऑनलाइन कक्षा के कारण बच्चों और अभिभावकों की जिम्मेदारी और बढ़ गई है। अभिभावकों को बच्चों को गृहकार्य करवाने के साथ-साथ कक्षा कार्य भी करवाना पड़ रहा है। पर इस कठिन समय में जो सबसे मुख्य भूमिका निभा रहे हैं वे हमारे

## Online Peer To Peer Learning

अध्यापकगण। क्योंकि इनमें से कुछ अध्यापक ऐसे हैं जिन्हें अच्छी तरह से तकनीकी का इस्तेमाल करना नहीं आता पर वह फिर भी हमें अपने-अपने विषय को पढ़ने के लिए इसे सीखने के प्रयास में जुटे हुए हैं। ऑनलाइन कक्षा में मैंने भी अपने शिक्षकों की तरह तकनीकी के विषय में बहुत कुछ जाना है मैं आपको ऑनलाइन कक्षा में अपनी परीक्षा का अनुभव जरूर बताना चाहूँगी। परीक्षा देने के लिए मैंने पहले की तरह ही पूरी मेहनत की और लगन से पढ़ाई की और परीक्षा में मैं सभी प्रश्नों का उत्तर ईमानदारी से दिया। ऑनलाइन कक्षा हम अराम से घर बैठ कर रहे हैं पर मुझे शिक्षकों, मित्रों की बहुत याद आती है मैं उन सबको मिसना चाहती हूँ। हर सारी बातें करना चाहती हूँ। सबसे ज्यादा मुझे याद आती है आधी छुट्टी की उस समय जब हम मित्रों के साथ खोंटकर खाते और खेलते थे। ऑनलाइन कक्षा में हम अपने शिक्षकों के कारण अराम से शिक्षा तो प्राप्त कर रहे हैं पर कई बार हमें कितने-कितने घंटे स्क्रीन के सामने बैठना पड़ता है जो हमारी आँखों के लिए हानिकारक है। हम बच्चों को ऑनलाइन कक्षा का पूरा लाभ हो रहा। पर मैं चाहती हूँ

कि यह कोरोना काल जल्दी से खत्म हो जाए और हमें आने वाले समय में ऑनलाइन कक्षा की जरूरत न पड़े।

## Love You Daddy ❤️❤️

Don't know why Dad is always lagging behind....??\*

1. Mom carries for 9 months, Dad carries for 25 years. Both are equal; still don't know why Dad is lagging behind.
2. Mother works without pay for the family. Dad spends all his pay for the family. Their efforts are equal, still don't know why Dad is lagging behind.
3. Mom cooks whatever you want; Dad buys whatever you want. Their love is equal, but Mom's love is shown as superior. Don't know why Dad is lagging behind.
4. When you talk over the phone, you want to talk to Mom first. If you get hurt, you cry 'Mom'. You will remember dad only when you need him. Dad never feels bad that you don't remember him the other times? When it comes to receiving love from children; for generations, don't know why Dad is lagging behind.
5. Cupboards will be filled with colorful sarees and many clothes for kids. Though Dad's clothes are very few, he doesn't care about his own needs ; still don't know why Dad is lagging behind.

Dad is behind (or 'at the back' ) because he is the backbone of the family. Because of him, we are able to stand erect. Probably, this is the reason why he is lagging behind!

## Value of Mother

Once there was a very poor and small family . In that family lived Savita and her son Sooraj .Rainy season came and the diseases like dengue, malaria and flu entered the village.Savitri was also infected by the flu from her friend .When Savita fall ill so their was no earning so their was very less food left at their home .One day the food was going to finish and Savita,s fever was very high .Sooraj ate his food and he was still hungry ,so he ate some food from his mother,s plate then he again went for playing .Now Savita was in very bad condition ,she really need food that time then she heard a voice saying her maa I need food .She saw Sooraj, he asked her for food .Savita gave last bite of her food to Sooraj. After eating the bite he realises that nothing was left for his mother. He looked at his mother then he was shocked to see that her mother was no more.Then he realises the real value of her mother.After that Sooraj grew and became a very perfect and big person in his life. "There is no **love** greater than **a mother's love**, no **sacrifice** comparable to **a mother's sacrifice**."

## WHAT DOES THE MONTH OF DECEMBER MEAN FOR THE SIKH PANTH?

For a lot of people December usually means one thing.....Christmas. But for the Sikhs, December is the month of Poh, meaning a month of sacrifices. The month starts with the remembrance of Guru Tegh Bahadur Ji (Father of Guru Gobind Singh Ji), who made a supreme sacrifice - by giving his life so that people of the Hindu faith could freely practice their religion under the Mughal regime of Aurangzeb.

In this week of 21-27 December, we also observe the martyrdom of Guru Gobind Singh Ji's four sons Baba Ajit Singh Ji, Baba Jujhar Singh Ji, Baba Fateh Singh Ji and Baba Zorawar Singh Ji. The youngest two were at a tender age when they spent the last few nights of their life, imprisoned with their grandmother Mata Gujjar Kaur Ji, in freezing conditions before being bricked alive, for refusing to bow down to tyranny by renouncing their faith and converting to Islam. They remained righteous and defiant until their last breath, but their cruel captors gave no food or drink to warm or sustain them and instead the innocent young siblings were declared to be the offspring of a poisonous snake, who would grow to be as dangerous as their father if allowed to live.

By honouring the selfless sacrifices of our beloved father Guru Gobind Singh Ji, who gave his own father, mother and four sons, we continue to spread the message of his Khalsa Panth all over the world. United we stand, divided we fall.

### चोट पहुँचाना

दुर्जन को मार कर हँसती-गाती  
पिकी माँ को बहुत सताती  
जो भी उसके पास आता  
वहाँ से चोट खाकर जाता  
पसंद था उसकी धक्का देना  
वर्द से उसको है क्या लेना?

एक दिन उस-सा तोता आया  
पिकी को उसने खूब दोँड़ाया  
तोता था बहुत सैनानशतान  
बच्ची ने रुकी जब हुई थकान

तोते से जब पीछा हुआ  
पिकी का मन खुद से रूठा  
सौँचा उसने ध्यान लेमाकर  
मिला क्या मुझे वर्द फैलाकर?  
अब से पिकी हँसती-गाती  
पर न किसी की चोट पहुँचाती

# MERRY CHRISTMAS

## SHARE ON CHRISTMAS DAY

“Loving is sharing, and sharing is loving”  
This is a phrase that we’ve all been hearing.  
It is time to prove that this saying is true,  
For Christmas is already here with me and you.  
Honor and praise for Jesus is coming.  
Be thankful to God of what you are receiving.  
Say “thank you” for you still have something to cook,  
And share it to others who have no food.  
It is time to think of what we’ve been doing.  
Is there a good place where the world is going?  
Change the things that would hurt others and you,  
And focus on deeds that would only do good.  
Remember that all lives are worth living.  
There’s always a purpose of what you are making.  
Keep in mind that you have someone to turn to,  
Never feel blue for God is always with you

## MERRY CHRISTMAS

From home to home,  
and heart to heart,  
from one place to another  
The warmth and joy of  
Christmas brings us  
closer to each other

SINGHAL

# The Indian Armed Forces

## An Article on The Indian Armed Forces

The Indian Armed Forces are the military forces of the Republic of India. It consists of three professional uniformed services: the Indian Army, Indian Navy, and Indian Air Force. The Royal Indian Navy was first established by the British. In 1892, it became a maritime component as the Royal Indian Marine (RIM). In 1932, the Indian Air Force was established as an auxiliary air force; two years later, the RIM was upgraded to the status of a naval service as the Royal Indian Navy (RIN). In World War II, the Indian Army began the war in 1939 with just under 200,000 men. By the end of the war, it had become the largest volunteer army in history, rising to over 2.5 million men by August 1945.

### Dominion of India (1947 to 1950):

The period immediately following Indian independence was a traumatic time for India and her armed services.

Along with the newly independent India, the Indian Armed Forces were forcibly divided between India and Pakistan, with ships, divisions and aircraft allocated to the respective Dominions.

### Republic of India (1950 to present):

Upon India becoming a sovereign republic on 26 January 1950, some of the last vestiges of British rule – such as rank badges, imperial crowns, British ensigns and "Royal" monikers – were dropped and replaced with the Indian tricolour and the Lion Capital of Asoka. In 1961 tensions rose between India and Portugal over the Portuguese-occupied territory of Goa, which India claimed for itself. Goa was annexed by India with the Indian Armed Forces. India fought four major wars with Pakistan in 1947, 1965, 1971 and 1999, and with China in 1962.

Indian victory over Pakistan in the 1971 war, helped create the free country of Bangladesh.

### Overview:

The headquarters of the Indian Armed Forces is in New Delhi, the capital city of India. The President of India serves as the formal Supreme Commander of the Indian Armed Forces, while actual control lies with the executive headed by the Prime Minister of India. The Ministry of Defence (MoD) is the ministry charged with the responsibilities of countering insurgency and ensuring external security of India. Present Ministry of Defence is Rajnath Singh. Retired Army chief, General Bipin Rawat, was appointed on December 30 the first tri-service Chief of Defence Staff (CDS) post, with effect from December 31, 2019. General Manoj Mukund Naravane is the Chief of the Army Staff (COAS), Admiral Karambir Singh is the Chief of the Naval Staff (CNS) and Air Chief Marshal Rakesh Kumar Singh Bhadauria is the Chief of the Air Staff (CAS).

The Armed Forces have four main tasks;

- To assert the territorial integrity of India.
- To defend the country if attacked by a foreign nation.
- To support the civil community in case of disasters (e.g. flooding).
- To participate in United Nations peacekeeping operations in consonance with India's commitment to the United Nations Charter.

## Branches:

Indian Armed Forces				
	Active	Reserve	Governing Body	Area
<a href="#"><u>Indian Army</u></a>	1,237,117	960,000	<a href="#"><u>Ministry of Defence (India)</u></a>	
<a href="#"><u>Indian Navy</u></a>	67,228	55,000	<a href="#"><u>Ministry of Defence (India)</u></a>	
<a href="#"><u>Indian Air Force</u></a>	139,576	140,000	<a href="#"><u>Ministry of Defence (India)</u></a>	
Total:	1,443,921	1,155,000		

Additionally, the Indian Armed Forces are supported by the Indian Coast Guard and paramilitary organisations. India's Armed Force comprise the world's second largest army, fourth largest air force, eighth largest navy and largest coast guard in the northern Indian Ocean.

# ***WORLD ENERGY CONSERVAION DAY***

## **ARTICLE ON WORLD ENERGY CONSERVATION DAY**

World Energy Conservation Day is celebrated on 14th December globally to highlight the importance of energy consumption and its use in our day-to-day life, its scarcity and its impact on sustainability of global eco systems. It focuses our concentration on significant issues facing the future of mankind with respect to energy. This Day serves to spell a sense of urgency on the issues involved.

It is a day for building up awareness regarding

- Need for energy conservation,
- Energy efficiency
- Frugality in energy use.

## **AMAZING FACTS**

- CARS BURN MORE ENERGY THAN MOST INDUSTRIES.
- LEDs ARE THE ULTIMATE ENERGY SAVER.
- COOK IN A MICROWAVE TO SAVE ENERGY.
- HOME ELECTRONICS CONSUME ENERGY EVEN WHEN SWITCHED OFF.

# AMAZING FACTS ON MATHEMATICS

- *9 is also known as the magic number. This is because if you multiply a number by 9 and add all the digits of the new number together, the sum will always add up to 9. For example:  $8 \times 9 = 72$  or,  $7 + 2 = 9$ .*
- *Teenagers texting in Thailand will send the digits 555 to indicate that something is funny. In the*
- *Do you know what a Palindrome Number is? It is a number that reads the same backward and forward, e.g. 12421.*
- *The calculator which is the most widely used mathematical device in today's world has actually originated from the concept of an abacus.*
- *A geometrical close bounded figure which has 20 sides is known as an icosagon.*
- *By- Varchasv;VC*
- *Thai language, 5 is pronounced as ha which when translated becomes hahaha.*

## Amazing Truth

Letters 'a' , 'b' , 'c' & 'd' do not appear anywhere in the spellings of 1 to 99.

( Letter 'd' comes for the first time in hundred )

Letters 'a' , 'b' & 'c' do not appear anywhere in the spellings of 1 to 999.

( Letter 'a' comes for the first time in thousand )

Letters 'b' & 'c' do not appear anywhere in the spellings of 1 to 999999999.

( Letter 'b' comes for the first time in billion )

Letter 'c' does not appear anywhere in the spellings of entire english counting.

# An Article On Pollution Control

Pollution is a process of making the environment dirty, unhealthy and unsuitable for humans and animals to live. It is caused due to the release of both tangible and intangible contaminants. These can be released naturally or by humans themselves accidentally or deliberately.

More than 200 million people are affected due to toxic pollutants. Due to pollution, there are few countries that have faced defected child birth and increase in mortality rate. Humans are regularly exposed to pollution when they inhale toxic air inside them.

Pollution can be controlled, if not eliminated. Efforts such as promoting green environment, proper disposal of waste, etc are simple steps that lead to great emphasis on maintaining the order of environment.

## ROAD SAFETY

Up the street I look and see

If any traffic's near to me;

Down the street I look as well,

And listen for a horn or bell,

There's something coming – wait a bit!

If I run out I may be hit!

But now the road is really clear,

No car or motor bike is near,

I'll run across the road so wide....

Hurray! I'm safe the other side.

MADE BY : AARYAN SINGHAL

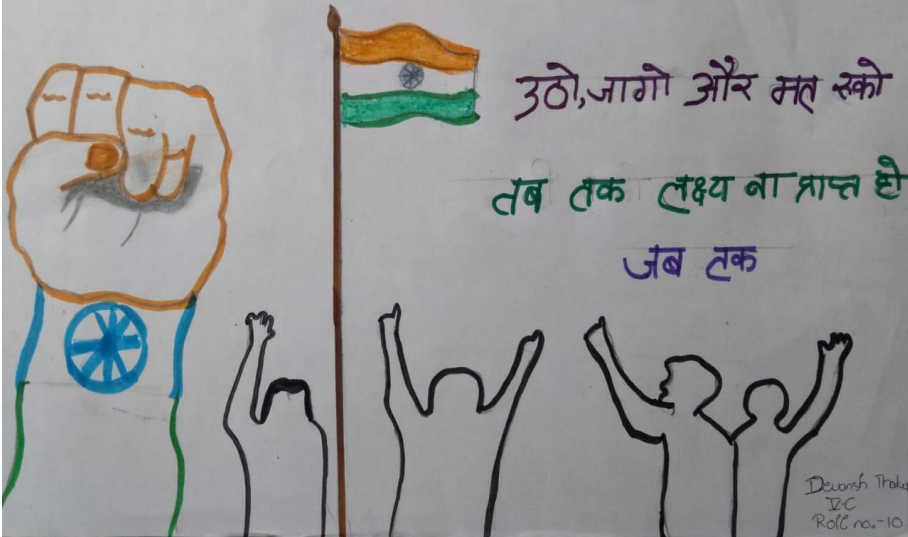

On this joyous festival,  
Sending warm wishes  
from our home to yours

Happy Lohri

# NATIONAL YOUTH DAY

### Article on lohri festival

#### Lohri Festival

This festival is celebrated with great enthusiasm in Punjab, a day for the farmers to thank their lord and masters. Lohri night is considered to be the longest night of the year, according to hindu calendar. This festival is celebrated on January 13, which falls in paush or magha according to the hindu calendar. this festival shows the religiousness of the people as they pray to god for a good harvest and their attachment to nature. Lohri is mostly celebrated around a bonfire. Gur-rewari, peanuts, popcorns, etc. are eaten with joy around the bonfire. It is celebrated in northern india, especially in Punjab. This festival is mainly related to harvesting of rabi (sugarcane)crops. People wear new clothes on this festival and sing, dance around a large bonfire to celebrated.

**LOHRI MUBARAK !**

## **SUBASH CHANDRA BOSE**

Subhas Chandra Bose' was born on 23rd January 1897 in Cuttack, Orissa, India. His mother's name was Prabhavati Devi. His father Janakinath Bose was an advocate.

In the course of struggle for freedom Subhas Chandra Bose formed 'Azad Hind Fauz' and led the 'Indian National Army'. He advocated a revolutionary and violent way to protest as opposed to non-violent approach by Mahatma Gandhi. He separated from Indian National Congress (INC) and founded his own party 'All India Forward Block'.

He led an Indian national force from abroad against the Western powers during [World War II](#). He was a contemporary of [Mohandas K. Gandhi](#), at times an ally and at other times an adversary. Bose was known in particular for his militant approach to independence and for his push for [socialist](#) policies.

Subhas Chandra Bose was one of the most prominent leaders of the Indian Independence Movement. He spread the feeling of national integration, sacrifice and communal harmony among the masses.

Subhash Chandra Bose Jayanti is celebrated on 23rd January every year across the country. His Jayanti is celebrated in a grand way among the party members of Forward Block. All the district administration and the local civic body also observe Subhash Chandra Bose Jayanti. Many N.G.O.s organizes Blood Donation Camps. On this day the schools organize various activities as exhibition, quiz and cultural programs. His birthday is also celebrated as Desh Prem Diwas.

Subhash Chandra Bose died [August](#) 18, 194

# National Science Day

*National Science Day is celebrated on 28 February each year to mark the discovery of the Raman effect by an Indian physicist, C.V Raman on 28 February, 1928. On National Science Day, various activities like speeches, debates, science exhibitions, quiz competitions, lectures etc. is organized in all school, colleges, universities and other academic institutions all over the world. On this day, light is shed on efforts and achievements in the field of science and dialogues are held on applying new technologies. Since 1999, each year is celebrated around a theme pertaining to one or the other sector of science. For 2020, the theme is 'Women in Science', putting a special focus on contributions and efforts by women scientists. This year, the National Science Day will be celebrated at Vigyan Bhawan at New Delhi on February 28.*

*"I am the master of my failure, if I never fail then how will I learn"*

New Year, is another chance for us to get it right, and we are just a few hours away from that fresh chance. Things don't always go the way we want but don't get disheartened, stand up and march ahead. A New Year brings fresh opportunities to start over, ride on it and make resolutions to achieve all the dreams you and your family/friends/loved ones saw. In this speech on a new year, allow me to welcome all you guys for the 'XYZ's' 2020 New Year Party. XYZ has arranged this fantastic carnival to welcome this New Year, and I pray to God that this year will bring all the happiness in your life. So, let all be excited about this event and celebration. Hello, family and friends. It is a New Year eve once again, let us take this eve as an opportunity to thank and appreciate each other. We ignore this in our daily life; we get targets, deadlines, and assignments to achieve. In all this, we forget to look around and appreciate those who keep us running. New Year is praised everywhere worldwide with extraordinary energy and fun. It is a remarkable day for the general population, and they welcome up the coming year in their particular way. On this specific day, people buy clothes, endowments and various other things from shops. Shops on this day are loaded with the swarm. 1<sup>st</sup> January is a celebration of New Year in India and is fun-packed with ceremonies, skip and sustenance. People praise it with songs and dance. Children are joyful on this day as they get great nourishment and endowments to appreciate. In our country, distinct group commends this day on various dates as showed by their log-book. It is a celebration that showed a joy in individuals by spreading euphoria all over the place. This year, let us make resolutions to acknowledge them who stand behind us no matter what who loves us unconditionally. On this Eve of New Year celebration, I would like to thank my family, loved ones, especially my wife, who not only take care of home and kids, preferably has a successful career too.

## ***HAPPY NEW YEAR!***

*Life* is like a book.  
Some chapters are sad, some happy  
and some exciting.  
But if you never turn the page, you  
will never know what the next  
chapter holds.  
Wishing you the best chapter yet  
in this coming

*New Year!*

ENTER THE EXCITING WORLD OF CRICKET

**Astonishing fact**

1. Cricket was first played in southern England during the 16<sup>th</sup> century. By the 18<sup>th</sup> century it had developed into England's national sport.

2. Cricket bats were not always their present shape. Before the 18<sup>th</sup> century, cricket bats were shaped like modern-day hockey sticks!

3. The first three cricket world cups were held in England. These tournaments were officially called the 'Frederick's Cup'.

4. England is the only country that has reached the cricket world cup final three times but has never won.

5. Sachin Tendulkar holds the record for the most fifties during world cups. He has scored 21 world cups fifties.

## FAMILY

A family is the best thing that God has given to us.

To solve all problems, doubts and various matters to discuss.

Our family is there for us all the time.

We do naughty things together and are partners in crime.

We love to stay together in every situation.

We spend time together for its strong foundation.

It is only the family on whom we can trust.

It is our key to happiness where support and regard is must.

Thank God for giving me such a good heart family.

Where love, care and joy grown naturally.

## Talent win games, but Teamwork and Intelligence win championships."

### TEAMSPIRIT

A business man gets stranded on a lonely highway in the India. The tyres of his car get stuck badly in a mud pool. He looks around for help and finds an old farmer This businessman goes to him asking for helps to get his car out of the mud. The farmer gauges the situation and agrees to help him and says, "let des take the help of moti? Moti was an old bull around, but the helpless business man agrees. The farmer ties the bull to the car and start shouting loudly RAMA, PULL!... RAMAN, PULL!... PUSHMA, PULL... MOTI, PULL. As the farmer Keeps shouting these words, the bull moti gets the car out of the pool of mud. Business man is relieved but has a doubt in his mind. He thanks the farmer and asks him, you said the bull's name was Moti, and he was alone, and then who were these Rama, Raman & Pushpa?Farmer coolly answered, " See, moti is old and is also blind He does not know he is pulling this car alone. The moment he hears the other names, he thinks he is in a team, and he gives this best"

So is the case with all of us. The very thought that there are people to help us with a great deal of comfort, hope, confidence and enthuses us to put our heart and soul into any task that we undertake. Indeed, greatest civilization have always been built on the foundations of a greater level of cooperation from their citizens, and the smartest animals we know sheep, elephants , wolves, dolphins - tend to live together in cooperative groups and work together for survival.

As H.E.L ucock said, " no one can whistle a symphony at It akes an orchestra to play it." It's not without reason that the very word TEAM id said to stand for " Together Everyone Achieves More"! This too shall pass, let's all work as a team and pull ourbalues out of the problems we face and stay blessed forever.

HARDIK TOMAR

## हर्शल द्वारा एक भावुक लेख

राई जानवरों की जगह मनुष्यों को पिंजरे में बंद कर दिया जाए तो-----

यदि जानवरों की जगह मनुष्यों को पिंजरे में बंद कर दिया जाए तो उनके लिए बहुत जेल के समान हो जायेगा। मनुष्यों को आहार-पुष्का असुविधा हो जायेगी। वह कई बीमारियों से ग्रस्त हो जायेगा।

मनुष्य की उनकी चाहत होती है, खबरों होती हैं, वेरी तमन्नाय होती हैं, वह सभी दिल में रुझाए जा रहा होता। वह बेपरवाह आजाद होकर नहीं घूम सकता। पिंजरे में बंद रहने से न तो उसके पास पर्याप्त ऊर्जा होगी और न ही अच्छी संभल होगी।

पिंजरे में बंद रहने से वह समाज और अपनी से निराशा और गुमनामी के बीच स्वयं की पहचान खो देगा। वह प्रकृति और पशुवृष्टि का मरपूरा आनन्द नहीं ले पायेगा। उसे ऐसा महसूस होगा कि उसके पक्षों को किसी ने जकड़ लिया है।

पिंजरे में बंद मनुष्य को सभी कार्य अपने मानिक के डिजाइन से ही करने होंगे। उससे अनुसार ही मनुष्य को खाना-पीना पड़ेगा; जो मनुष्य के स्वभाव के विपरीत है। क्योंकि वह स्वतंत्र रूप से अपना जीवन जीता है। इससे उसके मानसिक स्तर पर प्रभाव पड़ेगा, जो आने वाले भविष्य के लिए नुकसान देह हो सकता है।

पशुधर्म व्यक्ति सिर्फ सपने देख सकता है। वह स्वतंत्र रूप से विचारण नहीं कर सकता। मनुष्य को अपनी सभी आवश्यकताओं के लिए किसी पर निर्भर रहना पड़ेगा। तब मनुष्य जीवन के अभाव में भी रहना पसंद करेगा न की बचन में रहना।

पिंजरे में बंद होने से मनुष्य को जानवरों की व्यवस्था का पता चलेगा। इससे मनुष्य जानवरों, पशु, पक्षी और इतर उस व्यवस्था का दर्द समझेगा, जिससे बचने के जंजीरों में बांध दिया जाता है। इससे उसके अन्दर दया भाव और समर्पण की भावना उत्पन्न होगी। इससे वह आगे आगे वाली पीढ़ियों को स्वतंत्रपूर्वक जीने का अधिकार देगा।

इसका सबसे बेहतरीन उदाहरण है-

कोविड - 19 के अल्टीमेट वॉन्टा डाउन के दौरान जातीयों का घरा में बंद रहना।

# INTO THE WILD

## PIGS AS FOOD

- Pigs are reared for meat. Different cuts of meat are named differently - like rump steak, sirloin, sausage, ham, bacon, salami.
- Lard is a semi-solid white fat obtained from the fatty tissue of the pig.
- The pork tapeworm, *Taenia Solium* has humans as its definitive host and pigs as intermediate host.

## AMAZING FACTS

- Pigs can't sweat, so they stay in mud. So 'Sweating like a pig' is an oxymoron !!!
- Pig tails are used to describe hair braids, popular amongst soldiers and sailors in the 1700s as they resembled the curly tail of a pig!!!
- Religious restrictions on the consumption of pig are a common food taboo, particularly in the Middle East among Muslims.
- In Korea, the pig is a symbol of fertility and in China, pig is synonymous with riches.

## PIGS

By - Ananya Dutta

## Sounds made by pigs

- 'Grunt' is the sound made by pigs to communicate with each other.
- Pigs are said to 'squeal' when they are angry.
- Generally, kids are taught that the sounds made by pigs is 'oink'!!

## LITERATURE

- The piglet in "Winnie the Pooh"
- The Three Little Pigs
- Pumba the wart hog in "The Lion King"
- Hamm the Pig in Toy Story
- Peppa Pig
- Lord Emsworth's beloved pet "The Empress" in P.G. Wodehouse books
- Angry Birds

## ACRONYMS

- 'PIGS' is an acronym in Finance, which refers, often derogatorily to economies of Portugal, Italy, Greece and Spain.

PIG is also an acronym for  
Public Interest Group,  
Picture In Graphic,  
Pesticides In Groundwater  
and Pretty Indian Girl !!!  
So, I am a P I G . Are you ?

# WORLD SOIL DAY

Plants nurture a whole world of creatures in the soil, that in return feed and protect the plants. This diverse community of living organisms keeps the soil healthy and fertile. This vast world constitutes soil biodiversity and determines the main biogeochemical processes that make life possible on Earth.

WORLD SOIL DAY is held annually on 5<sup>th</sup> December as a means to focus attention on the importance of healthy soil and advocating for the sustainable management of soil resources.

An international day to celebrate SOIL was recommended by the International Union of Soil Sciences (IUSS) in 2002. Under the leadership of the Kingdom of Thailand and within the framework of the Global Soil Partnership, FAO has supported the formal establishment of WORLD SOIL DAY as a global awareness raising platform. In December, 2013, the UN General Assembly responded by designating 5<sup>th</sup> December 2014, as the first official WORLD SOIL DAY.

### DID YOU KNOW?

SOIL IS A HOME UPTO 90% TO MORE THAN OF LIVING ORGANISMS. 25% OF OUR PLANET'S BIODIVERSITY. LIVE OR SPEND PART OF THEIR LIFECYCLE IN SOILS.

ARHAM JAIN

## Happy Makar Sankranti

Makar Sankranti or Uttarayan is a festival day in the Hindu calendar, dedicated to the deity Surya (sun). It marks the first day of the sun's transit into Makara rashi (Capricorn), marking the end of the month with the winter solstice and the start of longer days. One such popular dish which is associated with Makar Sankranti is Khichdi. Also on this day people fly kites. It is celebrated on 14 January but sometimes on 15 January.

## Mathematics Day

The Indian government declared 22 December to be National Mathematics Day. This was announced by Prime Minister Manmohan Singh on 26 February 2012 at Madras University, to mark the 125<sup>th</sup> anniversary of the birth of the Indian Mathematician SRINIVASA RAMANUJAN. On this occasion PM also announced that 2012 would be celebrated as the National Mathematics Year. It is celebrated every 22 Dec with numerous educational events held at schools and universities throughout the country. On this day, training is also provided to the mathematics teachers and students through camps and highlights the development, production for Mathematics and research in related areas.

Academics across the globe agree that his theories transformed 20<sup>th</sup> century mathematics and continue to shape the subject in the 21<sup>st</sup> century.

Beside Ramanujan, our great land has produced several gems in the field of mathematics - including Satyendra Nath Bose, C.V. Raman, Shankuntala Devi and the young Marjita Bhargava who is the first person of Indian origin to win a Fields Medal.

## किसान

भारत एक कृषि प्रधान देश है, इसलिए भारत में किसानों का बहुत महत्त्व है। सच तो ये है कि किसान की कृषि क्रिया कलाप ही हमारे देश की अर्थ व्यवस्था की रीढ़ की हड्डी है। किसान माटी के समृत होते हैं। वह जीवन भर मिट्टी से सोना उत्पन्न करने की तपस्या करता रहता है। त्याग और तपस्या का दूसरा नाम है किसान। कड़क ती धूप, ठण्ड और बारिश भी उसकी इस साधना को तोड़ नहीं पाते। किसी भी बाधा से अपने कर्तव्यों से डिगा नहीं सकती। वे मेहनत करके अनाज, फल, साग और सब्जियाँ उगाते हैं और समुच्च देश भर को देते हैं लेकिन बदले में उन्हें पारिश्रमिक तक नहीं मिलता इससे बावजूद भी किसान संतोष प्रकृति का होता है। सच में भारत की आत्मा किसान है पर ये भारत की आत्मा किसान आज कृषि कानून के खिलाफ सड़क पर है, इस कड़कती

ठण्ड में आंदोलन कर रही है। सैकड़ों की तादाथ में किसान धरने पर बैठा है ये देख कर बहुत दुख लगता है। वे हमारे अन्नदाता हैं और इस दयनीय दशा में हे मेरी सरकार से प्रार्थना है अन्न दाता की बात सुने और उनको इस दयनीय दशा से मुक्ति दिलाये क्योंकि सरकार को और हम सब को किसानों की मदद करनी चाहिए, सम्मान देना चाहिए, और जहा तक हो सके उनकी सहायता करनी चाहिए।

किसान

# ★ ARTICE ON FARMERS ★

Farmers are the backbone of India's economy. But most of the time they are neglected. A farmer is one of the most important members of society. He is the giver of food to the people, so all practical purposes. He gets early in the morning and goes to his fields. An Indian farmer should be respected by everyone. It is he who produces grain and vegetable for the citizens of the country. Throughout the year, the Indian farmer remains busy in tilling the fields, sowing seeds and keeping the crops. Indeed, his is a very busy and hard life.

## AMAZING ART

## Article on Anti-Corruption Day

International Anti-corruption Day is a time for the government, political leaders, and ~~to~~ legal bodies to work together against corruption. Corruption is a significant issue that keeps on increasing day by day internationally. It undermines democracy, leads to unstable governments, and ~~is~~ sets back a ~~con~~ countries' economy. It promotes human trafficking, exploitation, child mortality, poor education standards, and destruction of the environment. This day involves the ~~general~~ general public engaging them in different activities and aware of them against corruption. The UN ~~logo~~ logo is associated with the promotion of this ~~year~~ day. Every year, worldwide, everybody celebrates International Anti-Corruption Day on 9<sup>th</sup> December. United Nations Convention is the first legally binding against corruption, an ~~international~~ international anti-corruption method that provides a change to involve people globally against ~~corruption~~ corruption. Every country should come together against this huge global issue. A 'corruption-free country' should be the aim of each country for its growth.
