Happy Makar Sankranti

'Tamaso Ma Jyotir Gamaya'

Akshat

As this day signifies that we should turn away from the darkness of delusion in which we live, and begin to enjoy a new life with bright light within us to shine brighter and brighter.

May this sankranti bring peace, prosperity, love and happiness in your life.

May you have a very warm and joyous Sankranti!!

HAPPY LOHRI

Thank You!

The image features the words "Thank You!" written in a highly decorative, hand-drawn style. The letters are thick and filled with various colors and patterns. The word "Thank" is on the top line, and "You!" is on the bottom line. The letters are surrounded by several stylized flowers in blue, pink, and purple. The overall style is whimsical and artistic.

A cartoon illustration of a boy and a girl looking over a stone wall. The boy is on the left, smiling, wearing a blue shirt. The girl is on the right, looking surprised, wearing a red shirt. There are two birds: a blue and yellow one on the left and a pink and yellow one on the right. A green vine with leaves is on the far left.

Samaira's addition tricks

Addition Trick By Samaira 1st Sangam

Sum of Ten consecutive numbers

If we want to add 10 consecutive numbers Ranging from 35 to 44 then simple method would be like:-

$$35+36+37+38+39+40+41+42+43+44= 395$$

But from my trick, it's quite simple:-

Attach a 5 to the last of 5th number i.e. Attach 5 to 39 i.e. 395.

And it's the answer... Try with other numbers n have fun...
