Corona Ka Season !

Ye saal laya hai ek alag hi season,
Naam hai iska Corona ka season !!
Papa- Mumma ab nahi jaate office,
Aur karte hain work from home.
Bachche ab nahi jaate school,
Aur karte hain online class from home.
Na koi activity, Na Birthday party,
Mask pehinna bana mandatory.
Life ho gayi ulat palat,
Lockdown aur Quarantine ke chalte.
Do naye words hai controlling,
Sanitization aur social distancing.
Chahie family time hai badhi gaya,
Traffic aur pollution ho gaya hai kam.
Chahie fast life hui hai relax,
Animals ko darr hua hai kam.
Yahi request hai "Hey Bhagwan",
Vada hai rakhienge dhyan.
Bas ho jaye sab normal aur,
Khatam ho jaye Corona ka season.

--Manya

Corona Period !

In this corona, I'm not able to go to school,
In this corona, I miss the swimming pool .

I am not allowed to go outside,
I have to live inside.

We have to wear masks,
Our mother gives us daily tasks.

In this Corona, We have lived inside our home,
I am not able to go to Nani's home.

Teacher's are taking online classes,
We should not go in masses.

In this Corona, we should maintain social distancing,
But most important of all,
Stay Safe, Be Brave,
We shall not fail !!

-- Shanaya

Story Time !

WORK IS WORSHIP

There lived a man named Kranti who was well-versed in making arrow. Whenever anybody saw his arrows, he never become tired to appreciate him. Once he was busy in making arrows. A procession of rich person passed from there with lots of noise. He was so busy that his mind didn't distract from his work and he kept making the arrows. After sometime a saint passed from there. Till then Kranti had completed his work. The Saint asked him, "Had you seen the procession of a rich man. How much time has passed after that procession"? Then Kranti said sorry to the saint and said he was too busy in making arrows so he couldn't see the procession. The Saint replied that even if you were present, you didn't hear the sound of clarinets and drums. Then the man replied, "My work is worship for me. Whenever I do my work, I forget all the things. These sentences made the saint to touch the feet of Kranti. The Saint observed and said "I will also try to do my work with full dedication".

Moral of the story - "One's work should be one's only worship".

Article on COVID-19

Corona is a dreaded disease. It is spread by a virus. Diseases are given birth by bacteria and virus. This disease is originated by virus. It spread in 2019. Hence, it is called COVID-19, meaning Corona Virus Infected Disease of 2019. Till date no medicine has been invented. Scientists of the world are busy in finding the medicine. Many are dying daily. It is infectious. We can follow the following in order to save ourselves.

1. Keep ourselves clean by washing our hands many times in a day.
2. Not touching our lips, eyes and ears.
3. Keep ourselves away from others.
4. Wearing masks on the face.
5. Washing our clothes especially which we wear when we go out.
6. Increasing our body resistance by eating good food, sleeping well, drinking more water etc
7. Better to be inside our homes as the virus is in the air also.

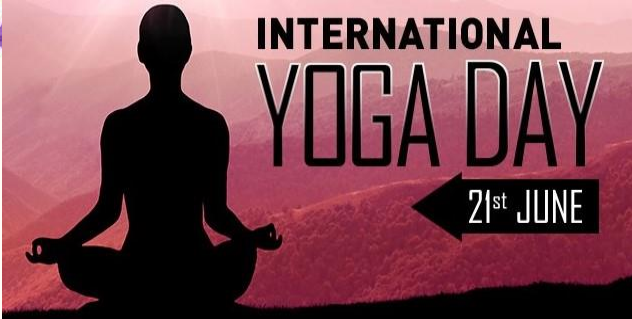

Doctors say prevention is better than cure. These precautions we should always follow even if the medicines are invented. Wish you all good health.

Lets talk about The Universe

Solar Eclipse

Total solar eclipse is an extremely rare phenomenon. I had the opportunity to watch one which occurred in June 2020. Solar eclipse occurs when the Moon passes between the Earth and the Sun and blocks our view of the sun's image. To catch the path of totality, my father drove all of us to a place near Kurukshetra from where we watched the eclipse.

The sunlight kept getting dimmer and dimmer and as the moon completely covered the sun, suddenly the day turned into night. We could see the ring of fire. Within seconds, the total eclipse was over. The sunlight came back and everything was back to normal. It was an awesome learning experience for me.

A very crucial point while viewing the solar eclipse is that we should never watch it with naked eyes as it can damage our eyes. I want to thank my father for showing me this fascinating eclipse, and special thanks to my grandfather for invoking our interest in astronomy.

CREATIVE CORNER

I saw a Unicorn!!

One day I went outside of the house in our **backyard**. As soon as I went, I realised that I was in a **jungle**! I walked and walked and walked and then finally I found a **CAVE**, but it wasn't a normal **CAVE** in fact it was **shiny**, it was a bit **RAINBOW** and It was not muddy. so I wonder which kind of cave it was? But then I realised I had a **bigger** problem I did not know where I was, I **shouted** I was **scared**. Just then something came out of that cave. It was a **Unicorn!** Unicorns are my **favourite** animal. I did not even know they actually existed. I was so **HAPPY!** And it was talking, it was saying "I will help". It was also saying "Get on my back!" So, I did and it **flew** and **flew** and as soon as I saw a **castle**. There was a **voice** saying wake up! wake up! And then I **realised** it was all a **dream!** I wish It was real.

गिनती (कविता)

एक गाँव में थे वो चोर
चोरी करते चारों ओर ।
इ: किलो पीते थे दूध
आठ किलो खाते अमरुद ।
दस गाँवों में थे बदनाम
बारह थानों में लिखा था नाम
चौदह थानेदार आर
सोलह कसकर बँतलगाए
अठारह थाने मिल गई बेल
बीस साल की हो गई जेल ।

Where is the school?
 Where are the classes?
 And my friends and the teacher.
 Asking us about our homework.
 Empty and sad streets and the
 playground are as asking about
 us.
Corona tomorrow you will see
Our dreams, our awareness and
our will shall bring us victory

SAATVIK

कैसे अब ये दिन हैं आया,
 कोरोना ने हम सबको डराया।
 कहते चीन ने यह वायरस फैलाया,
 इसके डर से मन धबकाया।
 मास्क हैं सबने पहने दुर्ह पर,
 हाथ हैं धोते सब मल मल कर।
 मिलना जुलना हुआ है सब कम,
 सब ही घर हैं घर में अब बंद।
 कैसे अब ये दिन हैं आया,
 कोरोना ने हम सबको डराया।
 बच्चे बूढ़े हुए हैं सब तुंग,
 कोरोना की अभी लम्बी है जंग।

आं. बूढ़े ही लम्बी हो कितनी
 संघर्ष से जीत कर लगे अपनी।

कैसे अब ये दिन हैं आया,
 कोरोना का डर मन से हमने भगाया।

INDING A CURE FOR CORONAVIRUS

On a rainy day, Gaurav, a 12-year-old boy was staring at the park in front of his house. It was always packed but since the coronavirus outbreak nobody came there. His friend Rakesh asked Gaurav why he was so sad. Gaurav replied, "This coronavirus has disrupted our lives so badly. Rakesh, son of a scientist, said "My father has invented a remote. It can help us to go to another planet in another galaxy where we can find some help. We can go there."

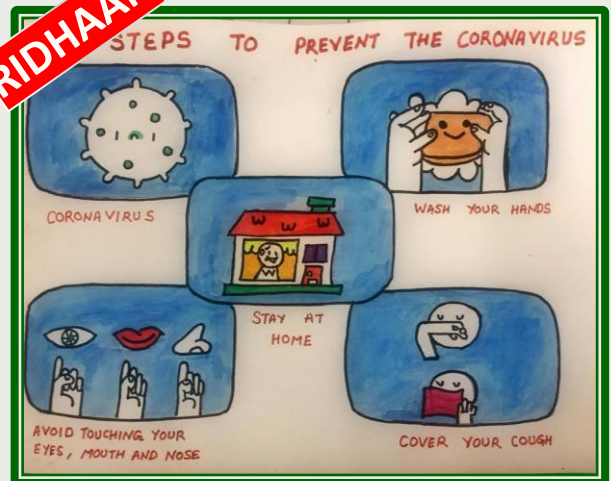

The remote on its screen was showing a planet's name, 'XD2'. Rakesh said, "Get ready to leave the earth. He pressed the button. There was a shock wave and after some time they found themselves in another planet.

After walking for few minutes they reached a big castle. They decided to go in. They reached to a big hall. There they saw a man was sitting on a throne. He had a body of a man but instead of face there was a round ball type object with spikes all around it.

"His head looks like the coronavirus pictures we saw," shocked Gaurav said. "Yes, he is the person who created the coronavirus. He also has the cure," said Rakesh. "Children, what you want?" asked the person.

"We are here for coronavirus cure. Please help us," said Gaurav. "You seem to be good children. You are wearing masks and have sanitizers also. You have maintained good social distance between yourself. I like you. I will give you the cure but you have to promise me that you will educate people to love and help each other. Keep themselves clean, do regular exercise and take care of their parents," said the person.

"Yes we promise," Rakesh assured. The person takes out a yellow bottle from. "Here take this. Don't sell it, give it free. If you sell it, that will destroy this bottle," said the person. Gaurav and Rakesh thanked him and left for earth. After reaching earth they shared the cure with scientists who cured the people.

Lockdown & Me

One, two, three
It's lockdown and me
A, B, C We all are free
One, two, three One, two, three
Look at me Look at me
Nothing to play
No friends to say Hey, Hey, Hey !
Nothing to do whole day
Moms are crazy Dads are busy
We become clumsy and lazy
One, two, three
It's lockdown and me

NAMYA

काश! मम्मा धर पर रहती!

उच्छा लगता जब सुबह-सुबह जल्दबाजी में वो सब काम न करती... धड़ी की टिक-टिक उनके दिमाग से न चलती... फटाफट करो, फटाफट करो ऐसा ना कहती... काश! मेरी मम्मा धर पर रहती!!

देखता हूँ जब उनकी थककर आते... हमें देखकर फिर सुसकुराते... वो हैं ऐसी नदी जो हमेशा बहती... काश! मेरी मम्मा धर पर रहती!!

वो हमारे साथ के 2-4 घंटों को 24 में बदलना चाहती... हमेशा हमें रात को हनुमान चालीसा सुनाती... अच्छे इन्सान बनना हमेशा ये कहती... काश! मेरी मम्मा धर पर रहती!!

शायद करने होंगे उन्हें नानी के सपने पूरे... या फिर सुद के होंगे कोई शौक अधूरे... पर हमारे भविष्य के लिए वह सब सहती... काश! मेरी मम्मा धर पर रहती!!

बिल्लियों की लड़ाई
काली भूरी थी दो बिल्लियां
रोटी एक उठाकर लाई।
काली बोली म्याऊँ-म्याऊँ,
सारी रोटी मैं खा जाऊँ।
भूरी बोली म्याऊँ-म्याऊँ,
सारी रोटी मैं खा जाऊँ।
दोनों में हुई खूब लड़ाई,
तब बंदर ने आवाज लगाई।
लिए तराजू बैठे बंदर भाई,
तोड़-तोड़ सब रोटी खाई।
इसीलिए कहता हूँ भाई,
तुम न करना कभी लड़ाई।

Social Media

Social net working sites are a great platform from people to connect with their loved ones. It help in increasing communication and making connections with people all over the world. All the people believe that social net working sites are harmful they are also very beneficial.

on the other hand, the disadvantages of social net working site are very high they give birth to cyber crimes, sexual exploitation, moneys comes and more.

In short, social net working are a bone and a boon. It depends on us. How we use to use them for your benefit and do not let them control your life

COVID-19 VIRUS

FACTS
Symptoms include fever, cough and shortness of breath.
The virus typically appears 2-14 days after exposure.

AVOID GETTING SICK
Wash hands often with soap and water.
Avoid touching nose, mouth and eyes.
Do not come close in contact with people who are sick.
Avoid public places if there is an outbreak.

IF YOU GET SICK
Stay home except to get medical care.
Separate yourself from people and animals.
Cover cough and sneezers.
Call doctor if you exposed to COVID 19, if you have any difficulty breath or any concerns.

AMAZINGLY FACTS

The original name of the butterfly was 'flutterby'!

The opposite sides of the dice always add up to 'seven'!

FOUR

Number four '4' is the only one with the same amount of 'letters'!

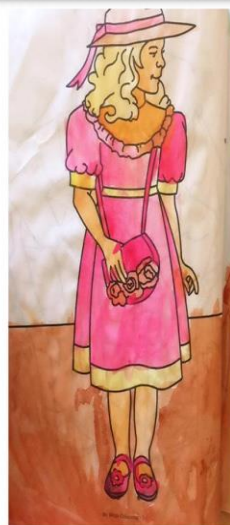

No words in the dictionary rhyme with the word 'orange'!

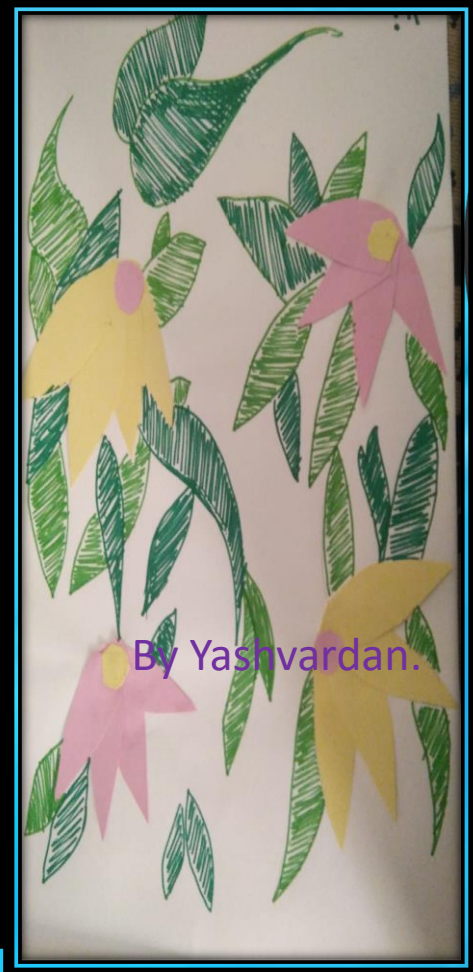

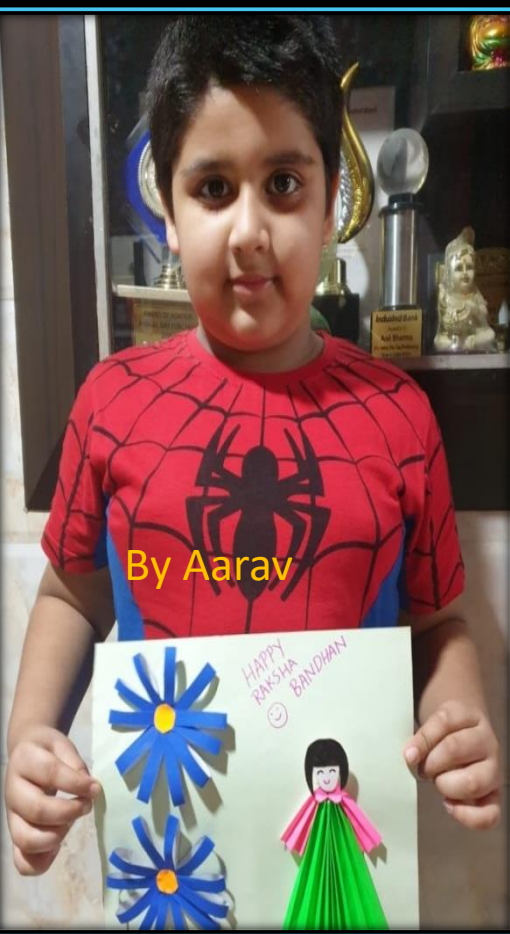

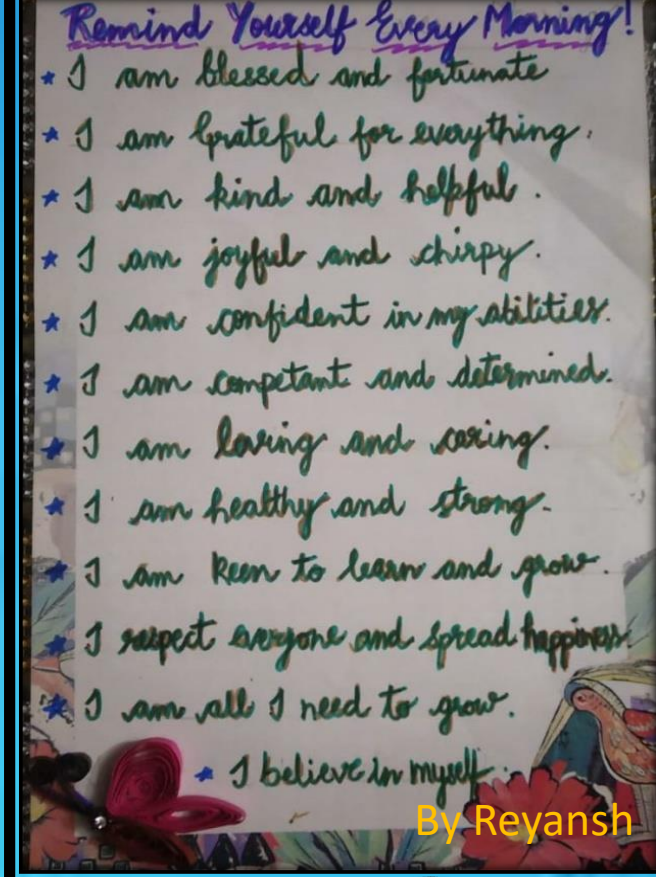

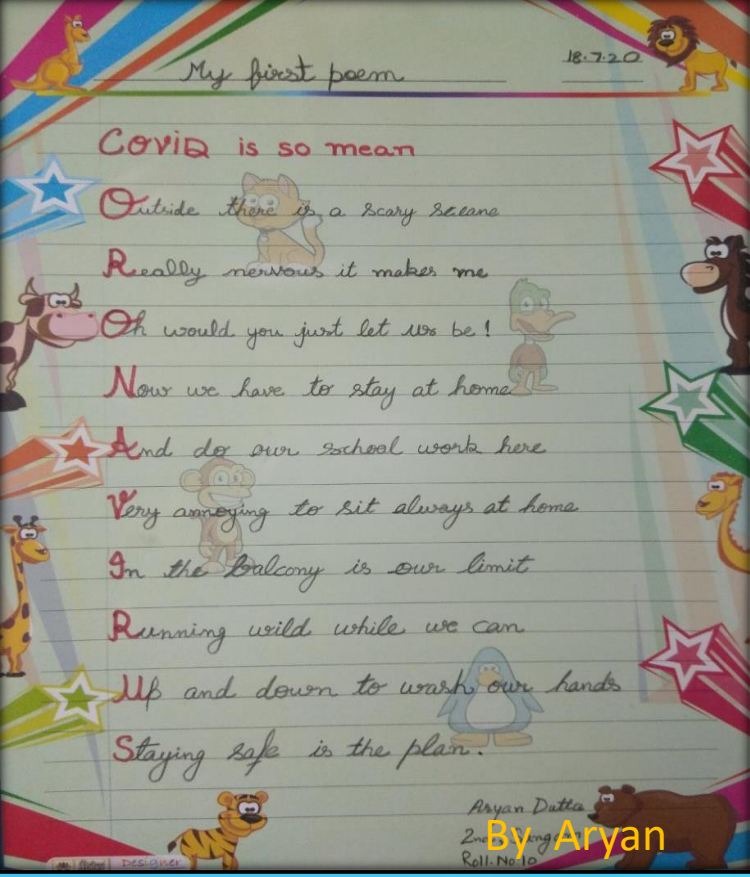

Your nose and ears continue growing for your entire life!
