HAPPY GURU PURNIMA

Guru is the light in the dark. When one finds the true guru, one conquers half the world. As we walk with the guru, we walk in the light of existence, away from the darkness of ignorance. Guru is everything in our eternal life. Nothing is possible without him. Life needs some power to push you up. Guru is that super power. Wishing you all

Wings of Fire- Book review

Written by – Arun Tiwari and Abdul Kalam

Published in – 1999

This book is autobiography of APJ Abdul Kalam. It covers Kalam's early life and his work in Indian Space Research and Indian missile program. It is a story of a boy from humble background who went on to become a key member in ISRO. This book contains 24 photos and it is filled with lot of science and story of friendships, religion and family. With this book Dr. Kalam has given many messages to youth and nation. Every chapter of it contains beautiful messages which we can apply in our daily life.

I enjoyed reading this book as it's a very inspiring story. This book has taught me, no matter how much difficulties come forward in the way of your dreams but you have to do hard work and achieve your dreams.

National Doctor's day

धरती के भगवान
आज सामने मौत खड़ी जब,
देवदूत बन आगे जाए।
सहमा हुआ जमी है सारा,
ये जिंदा दिल न धबकाए।
भूख नौद से नहीं वास्ता,
मानव धर्म निभाना है।
कितनी भी हो विकट परिस्थिति,
कोरोना दूर भुगाना है ॥
हरा बीसरी तथा सीतू को,
पैते हमको जो कर्तव्य।
शायद इस लिए कहलाते,
हैं ये धरती के भगवान ॥

National Doctor's Day
Every year 1st July marks a very significant event called the National Doctor's Day. In 1971 the Government of India recognises the contributions of Dr Bidhan Chandra Roy, an India physician and freedom fighter who serves the humanity at his best. Thus this day is dedicated to the birth anniversary of the great doctor of the country, Dr. B.C Roy. This year due to pandemic we lost over 1500 precious doctors. In order to dedicate condolences to the doctors who succumbed to Covid-19, the theme of National Doctor's Day this year is "Save The Survivors". So we all must pay tribute to our doctors who have been battling against the corona virus and saving the world at the risk of their own lives.

"Doctors Day"
Doctors play a major role in building the society. They are the pillars of the community. Doctors work hard to save the lives of patients with special ailments they act as an inspiration to society.
We are living amidst an ongoing pandemic so donating is its object that the world is under a 15-hour curfew and hospitals are full. It tells that the only people who are working day in and day out are the doctors.
The task of the doctor is hence varied and highly complicated. Being a doctor is a very noble professional in every country of the world.
