Story Time

the silver seed and it's powers

once upon a time there lived a crow named Charlie the Crow. He lived on a small hill near a large river. Everyday he would go to the river to drink water. Once as usual he was drinking water but came across a strange silver box that had written ' *he who shall stumble upon this box is blessed by an angel who will grant a wish , use it wisely , pupil* '. Charlie opened the box and found a silver seed. He remembered his granny telling him a true story about a seed that is silver and upon being planted it grants you a wish. Charlie was very happy but was busy that day so he kept the seed for some other day. Now there lived a lion named lilon the lion he was clever and knew how to find his way. He heard about Charlie and the silver seed. he wanted the seed to himself so he can get a lifetime supply of food. He went to Charlie and said dear friend i heard you have the famous silver seed, mind if I watch the plantation with you? Charlie agreed. Charlie thought what he needed ' I think I'll wish for some bread , enough for a week'. Lilon said why dear friend just wishing for some food for a week wish for 100kg of bread then we can get into business and sell all that food. Why, you'll be the richest young crow in the town. Charlie said ill do far better wish for 900 scarfs 800 mats AND I'll be the richest in the whole wide state. He started speaking and soon his mouth was on fire. He got so excited he started running in circles and waved his arms and *kerplunk!* The seed fell in the river. Lilon let out a big roar and they both jumped in and spent hours searching. Better luck next time Charlie and lilon!

The two brothers

Once there were two Brother's named as RONIT and Rudra, they were twins but their was a big difference between them . Ronit was very intelligent and good in sports but not in values,he didn't know that how to talk and respect other's other side Rudra wasn't so good in studies and sports but he respect other's and know the way of talking . One day they both got a letter that tomorrow they both need to come for their interview and at correct 9 AM. Rudra was very happy but other side Ronit was very over confident. The other day Rudra came at correct 9 AM but Ronit was still sleeping. Rudra gave his interview and it wasn't so good and after two hours ,at 11AM Ronit arrived and he was very over confident when he went in the interview room he sat on the sofa without asking and the person who was going take the interview had not sat till that time. Ronit was sitting in very indisiplint way. Ronit gave his interview very well but didn't know the way of speaking and sitting . When they came to know the result they were shocked, Rudra had passed the interview.

Values - No matter how much intelligent are you but value is the most important thing which you need to reach the success

CHILDREN'S DAY

ARTICLES

Children's Day is celebrated every year on 14th November.

14th November is also the birthday of India's first Prime Minister Pandit Jawaharlal Nehru.

Children's day is also celebrated on this day because Pandit Jawaharlal Nehru really loved children. Some children even called him as: -

"Chacha Nehru"

On Children's Day it is usually a holiday, but sometimes it is a non-instructional day. On a non-instructional day, children are asked to come to school as usual but they don't follow the day-to-day routine, they instead have fun. They sometimes even go to picnic or watch a movie; nonetheless they have a lot of fun. Some schools even arrange programs in which children can act on Pandit Jawaharlal Nehru's character.

POEM BY DEVANSH THAKUR

Hey, here comes the Children's Day
It is cheerful and fun, hurraay
Let's be playful and play
Just because it's Chacha Nehru's birthday
And thanks' to him that India is a successful country today
So, everyone say

HAPPY CHILDREN'S DAY!!

GURU NANAK DEV JI'S BIRTH ANNIVERSARY

ARTICLE BY VRINDA GARG

Guru Nanak Dev Ji was a great Saint of India. He was born in 1469 at Talwandi, which is now in Pakistan. Guru Nanak's father was the village headman, and his mother was very religious.

Guru Nanak was a brilliant child. He learnt languages like Sanskrit, Arbi and Farsi very quickly. He understood everything immediately, and had a sharp gasp of things.

However, Guru Nanak liked to be alone even as a child. He had no interest either in the house or in his father's work. Therefore his father sent him to take the animals for grazing. He became a herd's man.

Guru Nanak liked the company of Sadhus and Saints very much. He was married at the age of 29. His wife bore him 2 sons, Shri Chand and Lakshmi Das. Guru Nanak was very sad at the evils that had crept into Hinduism. So he started the Sikh religion. He was against idol worship and mere chanting of mantras. He created the holy book of Sikh, 'Guru Granth Sahib'. It has the teachings of Mira, Raidas, Tulsi, Kabir etc.

THERE IS ONE GOD

HE IS THE SUPREME TRUTH

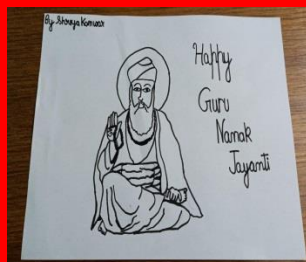

HE, THE CREATOR IS WITHOUT FEAR

AND WITHOUT HATE.

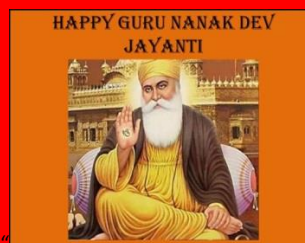

HE THE OMNIPRESENT, PERVADES
THE UNIVERSE

HE IS NOT BORN, NOR DOES HE DIE
TO BE BORN AGAIN.

BY HIS GRACE SHALL THOU
WORSHIP HIM."

GURU NANAK DEV JI

Guru Nanak Dev Ji' was born on 15 April 1469 at Rāi Bhoi Ki Talvaṇḍī, now called Nankana Sahib, near Lahore, Pakistan. He was the son of Kalyan Chand Das Bedi and Mata Tripta. His father was a patwari (accountant) for crop revenue in the village of Talwandi. Guru Nanak Dev was married to Mata Sulakkhani.

Guru Nanak Dev Ji is the founder of the religion of Sikhism and is the first of the ten Sikh Gurus. He travelled to places far and wide teaching people the message of one God who dwells in every one of God's creations and constitutes the eternal Truth. It is part of Sikh religious belief that the spirit of Guru Nanak's sanctity, divinity and religious authority descended upon each of the nine subsequent Gurus when the Guruship was devolved on to them. Guru Nanak Dev Ji died on September 22, 1539 at the age of 70.

The birthday of Guru Nanak Dev is celebrated as Guruparab. His birthday is celebrated in the month of Kartik on the day of full moon known as Kartik Purnima. It is one of the biggest festivals of Sikhs. On this day Sikhs offer their prayers and pay homage to the "Guru Granth Sahib"

EARTH

Earth is the third planet from the sun and is the largest of the terrestrial planets. The Earth is the only planet in our solar system not to be named after a Greek or Roman deity. The Earth was formed approximately 4.54 billion years ago and is the only known planet to support life. It has 1 moon. Its Equatorial Diameter is 12,756 Km and its surface temperature is between -88° to 58° C. It is 147.5 million Km away from the sun. Earth has a powerful magnetic field. This phenomenon is caused by the nickel-iron core of the planet, coupled with its rapid rotation. This field protects the Earth from the effects of solar wind.

My Aim in Life

It is important to have an aim in life. Some people like to decide what they want to become from an early age, but later they are not so satisfied with the results. I have figured out an aim in the life, to become an artist like Leonardo Da Vinci, Pablo Picasso, and Vincent Van Gogh. Yes you read it right and I am working very hard to make my dream come true. Making drawings on varied subjects, using different techniques to achieve the desired results. I have zeroed on few good art institutions to graduate and make it as my career. I am doing all this as I am dead serious about my dream. The road to success is not easy, but to become a doctor, engineer, or a scientist must be done through tons of hard work. But if Aim is chosen early in life, the road to success becomes easy. I know some people who cannot decide what they want to become at an early age and that is okay, they are right now figuring out their talents and hobbies. So, my suggestion for all of you reading this is to become whatever you want. Do anything in life but work hard for it. Stand on your two feet and make yourself proud for achieving your dream. Thank you.

Ishrat Sandhu.
