# Book Review

By Pavika Gupta

## Book Review

Book name- The Kingdom of fantasy land

*The kingdom of fantasy is very good book. It is s very interesting story. This book was about three most powerful objects on the kingdom of fantasy and most importantly, the mystery behind the disappearance of The Queen Blossom. The three most powerful objects in the kingdom of fantasy land are the whispering wand, the crystal spear and the book of a thousand spells. It was a little bit lame to turn the villains into the good guys. The villains are funny part of book. My favourite character is Long-beard because it was so powerful. I really liked this book it is a great book. I liked it a lot. It is a fantastic, brilliant book.*

Book: Edward the Hero

Author: Reverend W Awdry

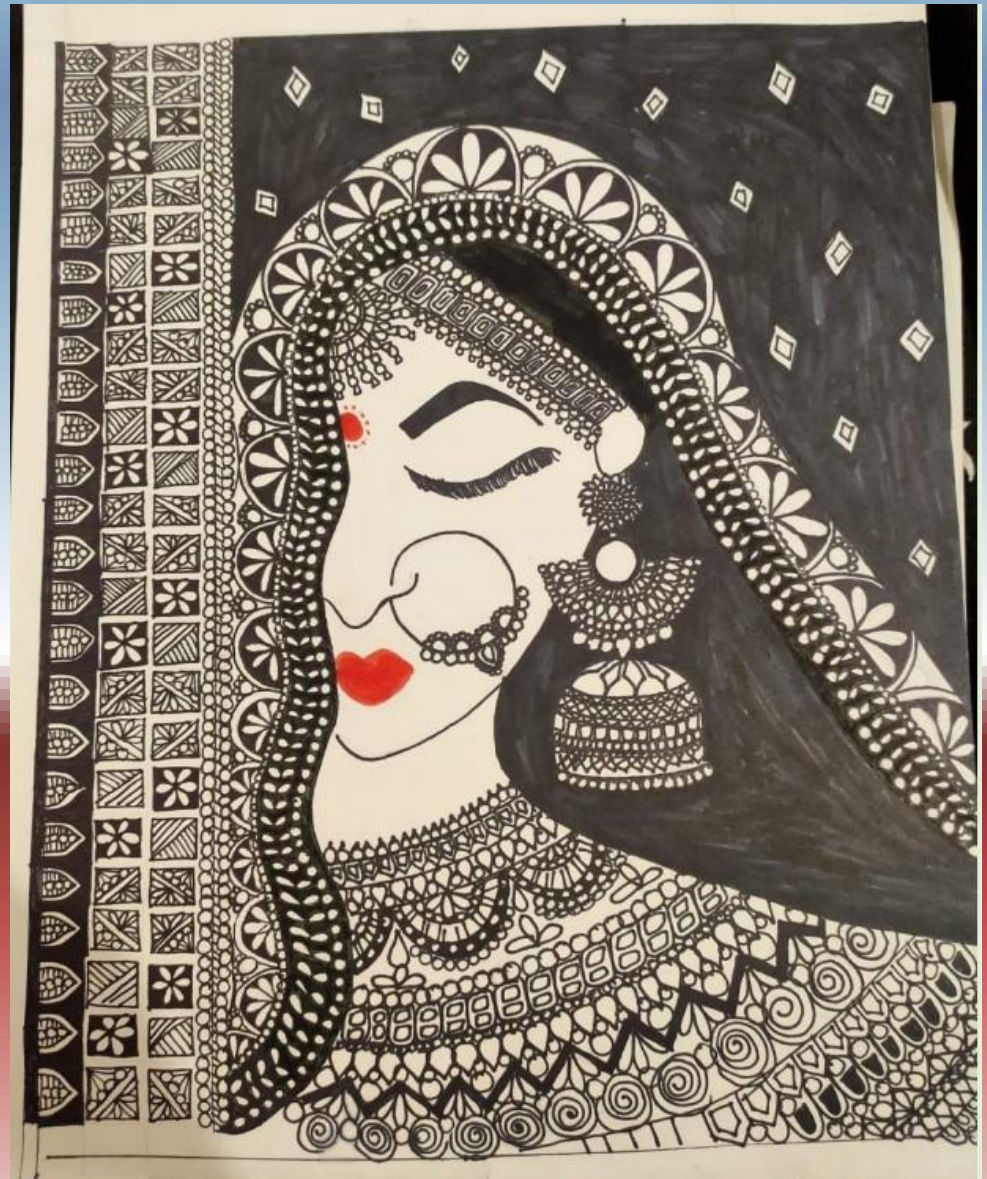

Review: The book is about a train engine who would love to be a hero like other busy, noisy, strong engines that he isn't. The story unfolds how such a kind, and gentle engine becomes a hero. I particularly like how the story passes on the message that one doesn't have to be loud or showy to be a hero and that the other qualities such as kindness are what really make one a hero. The pictures and the colours in the book are very nice and engaging, and so is the story line overall. I'm happy that I came across this book for a read.

# आई दिवाली खुशी मनायेंगे

आई दिवाली खुशी मनायेंगे,  
मिलजुल यह त्योहार मनायेंगे ...  
चौदह साल कटा वनवास,  
राम जी आए भक्तो के पास,  
खुशियाँ के दीप जलायेंगे,  
आई दिवाली खुशी मनायेंगे...

दिल से सारे बैर भूला कर,  
इक-दुजे को गले लगाकर,  
सब शिकबे दूर भूलायेंगे,  
आई दिवाली खुशी मनायेंगे...

चल रहे हैं बम्ब-पटाखें,  
शोर मचाते धूम-धरके,  
संग सब के खुशी मनायेंगे,  
आई दिवाली खुशी मनायेंगे...

## A True Inspiring Story

*Once, a young school boy was caught in a fire accident in his school and was assumed that he would not live. His mother was told that he was sure to die, for the terrible fire had devastated the lower half of his body. Even if he were to survive, he would be a cripple throughout his life.*

*But the brave boy did not want to die nor did he want to be a cripple. Much to the amazement of the doctor, he did survive. But unfortunately from his waist down, he had no motor ability. His thin legs just dangled there, lifeless. Ultimately he was discharged from the hospital. But his determination to walk was indomitable. At home, when he was not in bed, he was confined to a wheelchair. One day, he threw himself from the chair and pulled himself across the grass, dragging his legs behind him. He reached the picket fence, raised himself up and then stake by stake, he began dragging himself along the fence, his resolve to walk undeterred. He did this every day, with faith in himself that he would be able to walk unaided. With his iron*  
*peHe began to walk to school, then run to school, to run for the sheer joy of running. Later in college he made the track team.*

# AMAZING FACTS

Ø Human blood is as salty as the ocean.

Ø Your nose can remember 50,000 different scents.

Ø There are 2000 thunderstorms on Earth every minute.

Ø An ostrich's eye is bigger than its brain.

Ø Nose and ears never stop growing.

Ø Caterpillars have 12 eyes!

Ø It is impossible to lick your own elbow.

Ø A hippopotamus can run faster than a man.

Ø The sun looks super close but it would take 70,000 years in our fastest spaceship to reach it.

Ø The shark is the only fish that can blink with both eyes.

Ø Number four is the only one with the same amount of letters.

Ø No word in the dictionary rhymes with the word orange.

Ø Octopuses have blue blood and nine brains.

Ø A bolt of lightning is five times hotter than the sun.

Ø It won't be possible to walk on planets like Jupiter, Neptune, Saturn or Uranus as they don't have a solid surface and are made of gases mostly.

# *Thoughts*

1. Kill tension, before tension kills you.
2. Live life, before life leaves you.
3. Reach your goals, before goal kicks you.

# Riddles

1. What goes up and down but never moves???
2. What is always in front of you but you can't see it??
3. What gets wet while drying??
4. The more of this is there, the less you see. What is it??
5. What has many keys but can't open a single lock??

Answers:

1. Stairs
2. Future
3. Towel
4. Darkness
5. Piano

## Cool Math Trick!

- STEP 1: Think of a number
  - STEP 2: Multiply it by 3
  - STEP 3: Add 6
  - STEP 4: Divide by 3.
  - STEP 5: Subtract the number chosen in Step 1 from your answer in Step 4.
- And the ANSWER IS . . . . .

# BACK TO SCHOOL

## WORLD AIDS DAY.

World AIDS day is observed each year on December 1<sup>st</sup>. People around the world come together each year to support people living with and affected by this deadly disease and to remember those who lost their lives to it. AIDS (Acquired Immunodeficiency Syndrome), is a disease caused by HIV (Human Immunodeficiency Virus) which effects the immune system of a person's body and interferes with its ability to fight infection and diseases.

This year the theme of the day is "End Inequalities, End AIDS", highlighting the fact that as much as the virus itself, the social stigma attached with it also greatly affects people.

According to WHO, "Division, disparity and disregard for human rights are among the failures that allowed HIV to become and remain a global health crisis. Now, COVID-19 is exacerbating inequalities and disruptions to services, making the lives of many people living with HIV more challenging." Thus it is pivotal to teach kids the causes and modes of transmission of AIDS for the wellbeing of the future generation.

With the continuous efforts of various governments and health organisations across the globe, this day has become the most highlighted healthcare day around the world. Slowly but steadily, people are becoming aware of its cause and prevention. However, still, a long way is to be covered before those who are battling with the condition can truly come out and live with dignity in society.
