CHILDREN'S DAY

Every year on 14 November, we celebrate it as Children's Day.

November 14 is celebrated as the birthday of Jawaharlal Nehru, the first Prime Minister of India as Children's Day or Children's Day is celebrated. Pandit Jawaharlal Nehru loved and loved children very much. The children loved him equally. He used to meet many children on his birthday every year and spend his time with them. For this reason, Children's Day is celebrated every year on 14th November with enthusiasm all over the country . They were quite popular among children. On this day, various programs such as songs, music, speeches, drama etc. are organized by the children in schools.

Shaheed-i-Azam Sardar Udham Singh

Udham Singh, born on 26 December 1899 in Punjab, was a freedom fighter and the Punjab revolutionary who played an important role in the struggle of freedom. He because of his courage and bravery will always remain as a freedom fighter who tried to suppress the British regime. He is also referred to as 'Shaheed - I - Azam Sardar Udham Singh'. Sardar Tehal Singh Jammu, the father of Udham Singh, was a railway crossing watchman in the village called Upali. After his father died, he was taken in by the orphanage called Central Khalsa orphanage Putlighar in Amritsar. There he taught about the Sikh initiatory rights, and he received the name 'Udham Singh'.

He was greatly influenced by the revolutionary ideas and Bhagat Singh. In 1924, he became the part of Ghadar party. He jailed for keeping arms illegally, and his Ghadar party paper was also confiscated.

Udham Singh as a part of the orphanage was serving water to the crowd at Jallianwala Bagh. It was at that time General Dyer ordered the troops to leave, and he opened fire on the people without giving them a warning. This led to the killing of the large number of men, women and children, approx 1,800 and around 1,200 were wounded. He got disturbed by this incident and decided to take revenge. As revenge, Udham Singh decided to kidnap general dyer on 13th March 1940. When he tried to kill General O' Dwyer who was arrived at a joint meeting at Caxton Hall, London; he was arrested.

OMICRON

The Omicron variant of COVID-19 has been called a variant of concern by WHO based on the evidence that it has several mutations that may have an impact on how it behaves. There is still substantial uncertainty regarding Omicron and a lot of research underway to evaluate its transmissibility, severity and reinfection risk. When a virus is circulating widely and causing numerous infections, the likelihood of the virus mutating increases. The more opportunities a virus has to spread, the more opportunities it has to undergo changes. New variants like Omicron are a reminder that the COVID-19 pandemic is far from over. It is therefore essential that people get the vaccine when available to them and continue to follow existing advice on preventing the spread of the virus, including physical distancing, wearing masks, regular handwashing and keeping indoor areas well ventilated. It is also crucial that vaccines and other public health measures are accessible everywhere. Vaccine inequity leaves lower income countries – many of them in Africa – at the mercy of COVID-19. Well-supplied countries must urgently deliver the doses they promised. The Omicron variant has now been detected in many countries around the world. WHO reports that Omicron is probably in most countries, even if it hasn't been detected yet

CHILDREN DAY

India celebrates Children's Day or Bal Diwas every year on November 14, on the occasion of Pandit Jawaharlal Nehru's birth anniversary. The first Prime Minister of India had once said that children are the country's future, and how we bring them up will determine the future course of our country. He believed that children show immense potential to contribute to society and humanity. Moreover, he came to be known as Chacha Nehru because of his affection towards children. Therefore, on November 14, people pay their tribute to the first Prime Minister of India and his vision. On this day, schools organise cultural activities, children come dressed in colourful clothes and deliver special performances.

GURU PURAB

A stylized illustration of Guru Nanak Ji, the founder of Sikhism, wearing a traditional orange turban and a white beard. He is depicted from the chest up, looking slightly to the right. The background is a dark, textured grey.

Guru Nanak Ji was born in 1469 and lived in a time of huge inequality in the 15th century. He was the founder of Sikhism and became the first Sikh Guru. To spread the message of oneness and purity, he travelled several miles. Mainly, his teachings involved three things, namely 'Vand Chakko', 'Kirat Karo' and 'Naam Japna'. 'Vand Chakko' means sharing with others and helping the needy person. 'Kirat Karo' is making a living honestly without exploiting anyone and without any fraud, and 'Naam Japna' involves controlling our evils by meditating on the name of God.

WHO IS JESUS?

THE WORLD KNOWS THAT 2,000 YEARS AGO A MAN NAMED JESUS CAME FROM THE TOWN OF NAZARETH IN WHAT IS NOW CALLED ISRAEL. HE TRAVELED ABOUT THE REGION AND GAINED A LARGE FOLLOWING. AFTER A FEW YEARS, THE RELIGIOUS LEADERS IN JERUSALEM FALSELY ACCUSED HIM OF CRIMES AND HANDED HIM OVER TO THE ROMAN AUTHORITIES. THEY EXECUTED HIM BY NAILING HIM TO A CROSS. A SHORT TIME LATER, HIS FOLLOWERS PREACHED IN THE NAME OF JESUS CHRIST, WHOM THEY SAID ROSE FROM THE DEAD. MORE AND MORE FOLLOWERS WERE ADDED TO THIS MOVEMENT WHICH HAS BECOME THE CHRISTIAN CHURCH OF TODAY. THESE ARE THE FACTS UPON WHICH EVEN THE GREATEST SKEPTIC WILL AGREE. BUT THERE IS SO MUCH MORE TO JESUS THAN THAT. WHERE HE CAME FROM, WHAT HE DID ON EARTH, WHAT HE CAN DO FOR US NOW IS ALL REVEALED IN THE BIBLE. THIS BOOK CONTAINS THE ONLY RECORD OF JESUS AND WAS WRITTEN BY THE GENERATION OF PEOPLE WHO HEARD HIM TEACH AND SAW HIS DEEDS. HERE IS WHAT THE BIBLE TEACHES US ABOUT JESUS CHRIST:

SECRET OF SUCCESS

Two friends, Jim and Stew, had joined a big sales company together just after graduation. Both of them worked really hard.

Three years have passed and the company's director promoted one of them – Stew became sales executive. Jim did not get any promotion and remained at sales department.

Jim decided that it is unfair, so he came to his boss and told him, that he doesn't appreciate a hard working staff. The boss knew that Jim works hard, and in order to show difference between him and Stew, he asked: „Go and find anyone selling watermelons in the market. When Jim returned, the boss asked: „How much per kg?” So Jim went back to the market and then returned to say the price – \$12 per kg.

Then the boss asked Stew the same thing. Stew went to the market, and when he returned he told: „at the moment there is one person selling watermelons, \$12 per kg, \$100 for 10 kg, now he has 340 watermelons in stock. On the table there are 48 water melons, each of them weighs about 15 kg. Water melons were bought from the South two days ago, they are fresh and good quality.

Jim was impressed by the difference between him and Stew. He realized that he needs to learn a lot from his friend.

As you can see from this story, successful people are more observant. They think and see several years ahead, while most of people see only tomorrow.

VIJAY DIWAS

Each year, December 16 is celebrated as 'Vijay Diwas' to commemorate India's victory over Pakistan in 1971. The victory is unique and unparalleled as it was on this day that 93,000 Pakistani troops surrendered to the Indian Army eventuating in subsequent secession of East Pakistan into Bangladesh.

The end of the war also resulted in the unilateral and unconditional surrender of the Pakistan Army and subsequent secession of East Pakistan into Bangladesh.

While it was a big day for Bangladesh, as it meant the secession of East Pakistan into the country, this win was also a proud moment for the Indian Army. It was, after all, the first war after World War II that we had won conclusively. This day is also commemorated in Bangladesh as Bijoy Dibos

On 16 December every year, Citizens, senior officials, students & war veterans lay wreaths and remember the sacrifices of the soldiers. The anniversary of Vijay Divas is observed across India by paying tributes to the Indian martyrs who laid down their lives for liberating Bangladesh from Pakistan.

CHILDREN DAY

In 1957, 14 November (Nehru's birthday) was officially declared children's Day in India by a special government edict. In New Delhi thousands of children gathered at PM Nehru's residence to felicitate him on his 68th birthday. A number of functions were arranged in the capital to celebrate children's day, including the one at the National stadium which was attended by P.M.

Transport Day- November 10

Did you know?

- ★ The first car used a lever, not a steering wheel.
- ★ It took 29 days to circle the world in a helicopter.
- ★ The longest train had 660 cars and took 16 engines to pull.
- ★ The Largest bus in the world holds 300 people.
- ★ In 1902 the first ever speeding ticket was issued.
- ★ The shortest flight is between the island of Westray to Papa Westray, Scotland and lasts 2 minutes.
- ★ The longest tandem bicycle seated 35 people.
- ★ Supersonic jets can break the sound barrier.
- ★ One out of every seven jobs in the United States is transportation related. - *By Nahve Goyal*

The main purpose of celebrating Transport Day is to promote the use of the public transport system, reduction in pollution, traffic and road accidents.

Suspension Railway
Wuppertal, Germany
Its full name is "Electric Elevated Railway Installation, Eugen Langen System". It is the oldest electric elevated railway with hanging cars in the world.

Gondola
Venice, Italy
Venice is famous for its large network of canals, and the best

way to get around them is by using a traditional wood-carved gondola boat. Gondolas are now mostly reserved for tourists.

HAPPY CHILDREN'S DAY

Assembly - IE

Children's day is celebrated across India to increase awareness about the rights, education, and welfare of children. It is celebrated on 14 November every year on the birthday of the First Prime Minister of India, Pandit Jawaharlal Nehru. Known as 'Chacha Nehru' among children, Nehru advocated for children to have all-rounded education that would build a better society in the future. Nehru considered children as real strength of a nation and foundation of society. On this day, many educational and motivational programs for children are held across India. Jawaharlal Nehru had immense hope and confidence in the children of India because they "can play together without thinking of differences". He established Children's film society in 1955 so that Indian children could see themselves represented. He enabled the establishment of some very prominent educational institutions in India. It was his vision that led to the establishment of AIIMS for medicine, the IITs for engineering and the IIMs for management studies. Nehru's legacy continues to educate the children of India. - **By Ayush**

The New Normal: Covid-19

Before the spread of COVID-19 virus, students used to attend school with great pressure. Running behind grades and percentages was a part of their daily routine. The only happiness given by the school used to be the laughter and company of friends. The interaction with every teacher and the clarification of hundreds of doubts also gave a unique satisfaction. These all factors were foreshadowed by COVID 19, the disease which killed thousands and forced millions to stay inside their homes. The disease has spread across the world as a pandemic which has affected the lives of millions of students. But now, after 2 years, when the schools have restarted offline everything has changed. The opening of schools seemed more overwhelming than ever before. One could observe the mixed feelings of excitement, joy and confusion among the students, parents and teachers. The first day back in the classroom was unusual and emotional for both students and teachers as the social isolation they had been facing had ended. Wearing a mask, which is mandatory for students as well as teachers, makes studying harder due to the strained breathing. Attending school remotely had disturbed the students as they were distanced from their classroom community and the studious environment. Even after these factors the supporting roles of parents and teachers have been very motivating. If the pandemic is declining then we must also put forward steps to make it disappear and come back to the normal lives.

Book Review

THE DIARY OF A YOUNG GIRL BY:- ANNE FRANK

The diary of a young girl is a singular, moving look at world war 2 from a young girl's perspective. In 1942, during the Nazi occupation of Holland a Jewish girl named Anne Frank receives a blank diary for her 13 birthday. Treating the empty book like an imaginary friend named "Kitty". She writes faithfully, describing her fondest wishes and feelings. Anne Frank couldn't have known, when she wrote these words, that her musings would become primary sources of information about life during the holocaust. She is also a remarkably thoughtful narrator, and her diary is as entertaining as it is significant to the historical document. Though the events within the diary offer only a glimpse of the horrors inflicted on the Jewish people by the Nazi's, the diary paints a vivid picture of human nature in the time of war. There are many important messages in this book, but the most important message is that all people have the right to live in freedom. Her story shows us that just because people maybe a different religion or race, doesn't mean that they should be treated differently. When her family is forced into hiding to avoid capture by the German police, the book becomes like a lifeline for Anne, who describes the fear, hunger, longing and boredom she experiences during two years living in the place she calls the "Secret Annex". At the age of fifteen Anne, her family, and others living with them where deported to Nazi's concentration camp. A typhus epidemic spread through the camp in 1945, it is believed that she became ill and died after sometime. Her father Otto frank was the only survivor of the family, he returned to Amsterdam after the war. Anne became one of the most discussed Jewish victims of the holocaust due to enormous popularity of her diary. I suggest all the young readers as well as all the people interested in knowing the ancient holocaust history must read this book.

Emotions in a Rhythm

SURPASSING THE EDGE

नए जीवन की बधाई

उम्मीद ने नया रंग दिखाया
महामारी से बचने का जब
तरीका आया
भारत ने जब था टीका बनाया
इस खबर ने रूआँसे को भी
हँसाया

कोरोना की दावा आई
पर कुछ लोगों की सोच न
बदल पाई
टीके के साथ अफवाह भी आई
पर वे सच्चाई के सामने टिक
न पाई

फोनों की कॉलर टोन बदल
गई
सौ करोड़ टीके लगने की जब
खबर आई
इसे सुन सबी खुशी से बोले
कोरोना के बाद के नए जीवन
की बधाई

I stand here alone ,
At the edge of today ,
Fearing tomorrow ,
I shut my eyes and then soon.....,
Sunflowers gaze at me in awe
And so does the fauna,
The cool breeze whispers,
“Don't worry , Its going to be amazing”
I shake my head in disbelief,
Just to watch the butterflies kissing me all
over,
Slowly, dusk passes by ,
I feel that my fear has finally arrived,
But , the sky shines with its glittery sparkles ,
And those sparkles wink at me ,
As if wanting to leave a hint ,
I understand and then the tide changes ..
I stand here , yet again,
At the beginning of today,
Hoping for a better today ,
With my eyes shining as bright as my hope

ENJOY #ITS DIWALI

Oh yeah, It's Diwali

Make some plans immediately

Get some crackers, gather your family

you can have this fun only annually.

And do not forget to light your house

If not done yet, then light it steadily.

Lakshmi & Ganesh are worshiped

Material should be perfect

Make some good food for the dinner

Makin' Some traditional can be correct

All I want to say is Enjoy

Celebrate your, Diwali with joy.

गुरु गुरु सत्गुरु गुरु तेग बहादुर
जी

मिसाले त्याग और ध्यान शहादत
की पहचान,

नौवीं पातशाही बाबा बकाला

थे गुरु ग्रंथ साहिब की जुबान।

गुरु हर गोबिंद पिता से मिला नाम

जब कायम करके तेग से बहादुरी
की मिसाल,

तेग से दीर पर वचन के शूरवीर
किया इन्सानियत का विस्तार

आनन्दपुर साहिब कर स्थापित,
किया नानक विचार प्रचार।

गरीबों का सहारा बने हामी
उत्पीड़ितों के

औरंगज़ेब को सिखाया सबक करके
खुदी कुर्बान,

न की कबूल मज़हबी ज़बरदस्ती न
बंदगी शहशाही और कर्मान।

सपूत गोबिंद बना सिंह, सदा लाख
बराबर प्रतेक,

तेग अर्थ सिर्फ तलवार नहीं,
आपका विचार और कर्म था
हरएक।

When I look out of my window,
I see a million unchartered stories;

Waiting to be read, waiting to attract my ink so that I could settle them in
between the printed lines of my journal.

A whole book store full of unread tomes by anonymous writers, waiting to
be bought by me; so that I could fill the bookshelf of my lifetime and read
them to everyone sitting on the patio of my home.

A million blank parchments stacked together with ethereal covers, waiting
for my memoirs, entries, poems, odes and epics to be tattooed all over
them. So that my cursive becomes my legacy.

The roads of foreign lands waiting for my footmarks to be left on them,
coffee of foreign cafes brewing in vending machines, waiting to inspire the
creative neurons of my brain.

Sunsets and sunrises sitting on the horizon, waiting for my words. So that
I can paint the pinks and the purples in my poetry. An ocean full of
undiscovered human beings waiting for me to dive in so I can be part of
their bookshelf and they can be a part of mine.

I see my whole life waiting to be discovered so that I could fill my journal
scandalized by the unchartered stories, fill the book shelf in my home, see
my words tattooed on someone's skin, watch my words become my legacy,
walk on foreign land leaving my footprints for people to follow, sip the
freshly brewed foreign coffee and create art, paint the sunsets and sunrises
in my poetry, dive in the ocean full of people and become a part of their
story. As I look out of my window; I see a million unchartered stories.

THE JOURNEY THAT IT WAS

I became a part of the **ICT Seagulls project 2021** in January when I was in class VII. We started the project under the able-guidance of Madam Principal, **Mrs. Gulshan Kaur** (Project Director) and Mrs. **Anjum Vigha** (Project leader). The work-related meetings started after the annual examination. I was appointed as the **Arts Director** for the project. Since all the other team-mates were my seniors, I found it a bit difficult to connect to them in the initial days. But when 8 of us started working as a team, I no longer felt left out. Firstly, we did a lot of brainstorming to find a problem to work on. Followed by several processes of research, hypotheses, analysis, statistics, categorization, etc. our final problem was '**Use of plagiarism and unfair means in online examinations**'. As an art director, I designed the logo for the quality circle '**Nidhuvanam**'. Several surveys and questionnaires were floated to work on statistics and analyse the data. Also online meetings were conducted during our exams and we worked on the project day and night. Various action plans were also implemented to eradicate the problem of the use of plagiarism and unfair means in online classes and exams. I got an opportunity to draft the oath which was later circulated in all the classes before the commencement of examinations. With everybody's cooperation, we could finally submit our project in **September 2021** and were entitled as the '**Best Academic Project 2021**'. Our Leader teacher, Mrs. Anjum Vigha supported us endlessly and guided us even at odd hours. Madam Principal was and is a guiding light to all of us. Overall, it was a wonderful experience being a part of this esteemed project. I got to learn so many new things which would help me in the long run.

Oath

I, being a sincere and obedient student of this Institute, Bhavan Vidyalaya Panchkula hereby pledge that I will never disgrace my honesty and calibre. I will never take undue advantage of resources provided to me and will always demonstrate honesty in everything I do. I promise myself to never copy, cheat or use unfair means in any examination, test or any phase of life.

Vigyan Yatra

Recently we participated in the 'Virtual Science Exhibition' **VIGYAN YAATRA** hosted by Bharati Vidya Bhavan. We were selected by our Maths teacher Ms. Geeta Sharma. **Ms. Sarita Garg** became our teacher mentor. We both were very happy to get this opportunity. We had to make a model on the topic **Mathematical Modelling and Sports**. There were many sub-themes in this topic, we selected **Innovative Calculation Methods to Solve Lengthy and Time Consuming Problems**. We started working on the project under the guidance of our teacher mentor. For selecting the tricks we referred to a book on mathematical tricks. We decided to make a **PowerPoint Presentation** as our exhibit. We tried our best to make a well explanatory and interactive PPT. Then it was the time to make our video, we faced many difficulties in making the video, we had to take many trials for eliminating all the mistakes and make a good video. But we finally succeeded in making a good video. Then we sent our video to the given e-mail id. After a few days we got a message from the team about a 3-day virtual program which included the **INAUGURATION CEREMONY, LIVE PRESENTATION OF EXHIBIT** and **FINALLY** the **CLOSING CEREMONY**. We were very nervous on the day of the presentation. **Mr Chander Bhanu** made all the arrangements for our presentation in the school. We discussed about the potential questions to be asked by the judges and their answers with our mentor. We were continuously taking the name of God. On our turn we explained all our tricks with full confidence and answered all the questions of the judges. We gave our best. The next day, the result day came we were again very nervous and repeatedly took the name of God. Hurray!!! We had bagged the second position. We were extremely happy and dancing with joy. Our names were also announced in the prize distribution function of the school. Overall it was a very nice experience participating in this competition.

Best All Time Reads

"Anybody can look at you, its rare to find someone who looks at the same world at you"

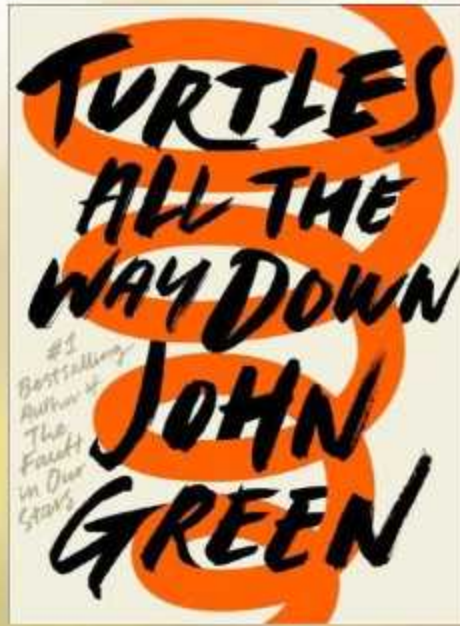

Turtles all the way down , the most recent novel by the bestselling author; John Green has him at his best . A must read for all , absolutely no flaws , only better overview on life and a amazing medium for introspection!

Do give this one a read , since it is definitely a five out of five.

Until next time, Goodbye

REMEMBER, "NO ONE SAYS GOODBYE UNTIL THEY WANT TO SEE YOU AGAIN"

That's an amazing book. It all revolves around a boy named Huckleberry (Huck) who lived in the Mississippi river bank. He has a father who is always drunk and beats him without any reason, nevertheless caring for him. So, his son (Huck) decides to run away from the cruel being. Further he makes new friends. Also, once disguises himself as a girl. Really good for those who love adventures. We're always looking for what happens next. Full of madness, fun. Grab it when you're in full mood and definitely gonna charge your mind. Besides being full of adventures, it also reflects the sense of thinking in an adolescent boy who's always there for new missions, adventures. A must read! Give it a try!

Diwali was, is and will always be the BIGGEST festival of India! The festival includes so much of colours, joy and spirituality. During the celebrations of Diwali, we, rich obviously enjoy food, parties and wear new and colourful clothes. But the poor, who can't afford spending money on such fantasies and desires. So, to contribute a bit to their happiness, my family and I, this Diwali, gifted the poor living nearby a few ethnic clothes, some food items and decorative diyas . I request all the readers of my article also to provide such little presents to the poor which make a big difference in how nicely they celebrate festivals!

All are familiar with Children's Day which is celebrated on 14 November every year to mark the birth of our first Prime minister, Pandit Jawaharlal Nehru. He loved children a lot that's the reason this day is celebrated as Children's Day. Now after learning a bit about children's Day, I would like to share my experience on Children's Day. MY EXPERIENCE This year when I woke up on 14th November, my parents and my sister were the first ones to wish me. After getting ready, my friends came to my home. We exchanged wishes and then had a small party. Then I started getting ready for a birthday party. A day before, one of my friends called me on his birthday on 14th November. I was really fascinated and thought that how lucky he was that his birthday falls on Children's Day. The birthday party was hosted at Burger King. We enjoyed a tasty meal and at the end we ate some deserts. After the party, when I came home a big surprise was waiting for me. My father gifted me a brand new and a original G-Shock as a gift of Children's Day. I felt really happy and special. After such a delightful day, the G-Shock was like a cherry on the top. It also become a memory that I would always remember.

Teachings of Guru Nanak Dev Ji

Ik Onkar

Shri Guru Nanak Dev Ji spread the message of 'Ik Onkar' meaning one God who dwells in every one of his creations and constitutes the eternal truth. Ik Onkar is the first word of the mool mantra and is considered the most important component of Sikhism.

Vand Chhako

Sharing whatever God has given you with others and helping those who are in need. It is one of the components (principle) of Sikhism. He said with the grace of the lord, whatever you have received, share it with the needy and then consume.

Kirat Karo

Means, make a living honestly. One should not exploit others to enjoy self-happiness. Earning without fraud and working diligently is what he preached.

Naam Japo

Chant the name of 'True God'. Shri Guru Nanak Dev Ji emphasized meditating on God's name to control over five evils- Kam, Krodh, Lobh, Moh, and Ahankar means lust, anger, greed, attachment, and ego.

Stand against Oppression

Guru Nanak Dev Ji believed that one should never succumb to oppression. No matter what the circumstances are. According to him God always helps those courageously against oppression. No matter how powerful the enemy is. All there is strength to fight it. So one should raise his/her voice against everything that one thinks is wrong.
